Subject: RE: Docket Number UM 1953--Notice of Filing--Oregon PUC
Date: Tuesday, May 7, 2019 3:37:18 PM

Judge Moser,

A prehearing conference in PGE's annual power cost case, UE 359, is scheduled for May 20th. Because that case must conclude by early November, AWEC believes it is important to schedule that case before the second phase of UM 1953 to maximize the availability of the parties participating in that docket. Accordingly, AWEC would appreciate it if the deadline for responses to PGE's proposed schedule for Phase II of UM 1953 is extended to May 24th. AWEC has reached out to the other parties to UM 1953 and all parties that have responded as of the time of this email either do not object or support AWEC's request. Those parties are:

PGE
Staff
CUB
NIPPC
Walmart
PacifiCorp
Renewable Northwest
Calpine Solutions

Thank you for your consideration of this request.
