Re: Docket No. LC 74 – Idaho Power Company’s 2019 Integrated Resource Plan
 (“IRP”) – Procedural Schedule

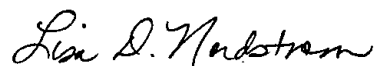

Dear Filing Center:

On July 19, 2019, Idaho Power Company (“Idaho Power” or “Company”) filed a letter with the Public Utility Commission of Oregon (“Commission”) providing notice that the Company had identified the need to perform supplemental analysis to confirm the accuracy of the IRP’s conclusions and findings. At that time, Idaho Power anticipated that the required supplemental analysis would be completed—and filed for Commission and party review following consultation with its IRP Advisory Council—by October 31, 2019.

On October 28, 2019, the Company filed an additional letter stating that it would need more time to complete these necessary steps, and would provide the Commission with a new estimated filing date no later than November 8, 2019. After evaluating all steps necessary to complete the supplemental IRP analyses and to allow for meaningful public participation, the Company has determined that it will file its supplemental IRP analysis no later than January 31, 2020.

Please contact me at (208) 388-5825 if you have any questions.

Very truly yours,

Lisa D. Nordstrom, OSB #973528
