RE: Eighth Supplemental Filing of Advice No. 19-34, Schedule 122, Renewable Resource Automatic Adjustment Clause

Portland General Electric Company (PGE) submits this filing pursuant to Oregon Revised Statutes (ORSs) 757.205, 757.210 and 469A.120, and Oregon Administrative Rules (OARs) 860-022-0025 and 860-022-0030, for filing proposed tariff sheets associated with Tariff P.U.C. No. 18.

PGE originally filed Advice No. 19-34 on December 3, 2019 with a requested effective date of September 1, 2020. In an August 7, 2020 supplemental filing, PGE requested to extend the effective date to October 5, 2020 to allow for the expected Commission order date.

Then on September 4, 2020, PGE submitted a second supplemental filing which provided updated prices consistent with the stipulation filed in UE 370 and revised tariff language in consideration of Commission Order Nos. 20-106 and 20-147 in Docket UM 1909.

PGE then submitted the third supplemental filing on September 29, 2020 which provided revised language pursuant to the UE 370 Stipulation approved by Commission Order No. 20-279 the parties worked together to make changes to Schedule 122 with an effective date of October 19, 2020.

PGE has filed Supplemental Filings on October 15, 2020, November 10, 2020, November 18, 2020 and December 2, 2020 extending the effective date to align the tariff effective date to occur contemporaneously with the actual online date of Wheatridge.

PGE now makes this Eighth Supplemental Filing to extend the effective date from December 9, 2020 to December 10, 2020. The purpose of the extension is to align the tariff effective date to occur contemporaneously with the actual online date of Wheatridge.

All sheets remain as previously filed.

To satisfy the requirements of OAR 860-022-0025(2) and OAR 860-022-0030(1), PGE responds as follows:

PGE estimates that approximately 900,000 Cost of Service (COS) customers will be impacted by this overall \$12.6 million or 0.68% increase in COS revenues from the proposed Schedule 122 prices. A typical Schedule 7 customer consuming 800 kWh monthly will see a bill increase of \$0.62 or 0.6%.
