Re: UM 2069 - Avista COVID-19 Deferred Accounting Quarterly Report

Avista Corporation, dba Avista Utilities (Avista or the Company), hereby submits its second COVID-19 deferred accounting quarterly report. As described in the Stipulation related to energy utilities in Docket UM 2114, approved October 27, 2020 per Order No. 20-378, this quarterly report complies with the following condition:

Each Utility shall provide the Commission with reports that itemize the utility costs, savings, and benefits resulting from COVID-19 described in paragraph 25. The first report will be for the period between March 1, 2020 and September 30, 2020, and shall be filed by November 1, 2020. Thereafter, reports will be due 30 days after the close of each quarter and shall include information from previous quarter. Each Utility shall file a Report for every quarter until the quarter ending December 31, 2023, unless waived by the Commission.

As of December 31, 2020, the Company has identified and/or deferred the following direct costs and benefits associated with the COVID-19 pandemic resulting in an Oregon net liability balance of approximately \$425,000. The table below provides a summary as of December 31, 2020.

Oregon COVID Deferral Summary as of 12/31/2020	
Deferral Type	Amount
Bad Debt Expense	\$ 695,858
Term Loan Interest/Fees	55,211
Other Direct COVID Costs	47,805
Total 182.3	798,874
Other Direct COVID Benefits	(275,204)
CARES Act Tax Benefit	(948,703)
Total 254	(1,223,907)
Total Ending Balance	
Owed Customers @ 12.31.2020	\$ (425,033)

The Company will continue to defer the specific COVID-19 deferred costs and benefits as discussed below on a go-forward basis, impacting the net balances shown, and will update these Oregon balances in future reports, 30 days after the close of each quarter-end, as required.

Bad Debt Expense

The Company's bad debt expense has significantly increased as a result of the COVID-19 pandemic. In order to determine the incremental impact on bad debt expense, the Company compared the actual bad debt expense incurred to the amounts set in each of its jurisdiction's most recent general rate cases. In all instances, bad debt exceeded the levels built into customers' rates. As of December 31, 2020, actual bad debt expense incurred for Oregon has exceeded the amount authorized by \$695,858. Incremental bad debt expense is being deferred to account 182.3 Regulatory Assets.

Short-Term Loan Interest/Fees

In April 2020, the Company entered into a short-term credit agreement in the amount of \$100 million to provide additional liquidity to the Company due to the pandemic. The incremental interest expense and loan fees associated with obtaining the term loan were analyzed. For Oregon, as short-term debt is excluded in the authorized capital structure and debt costs, actual costs of the term loan, net of interest income, was \$55,211 as of December 31, 2020 and were deferred to account 182.3 Regulatory Assets.

Other Direct Costs

Other direct costs identified by the Company as of December 31, 2020 include those charged directly to specific pandemic projects set up to capture costs incurred to protect the health and safety of utility employees, including personal protective equipment, janitorial services, cleaning supplies and additional hardware/software and other equipment not capitalized to allow employees to work from home. Oregon's share of these direct costs are \$47,805 and was deferred to account 182.3 Regulatory Assets.

Other Direct Benefits

Other direct benefits (reductions in costs as a result of the pandemic) identified by the Company as of December 31, 2020 were identified as employee expenses related to travel and training due to COVID-19 restrictions, as well as a reduction in fleet fuel consumption at the beginning of the pandemic when crews were at limited capacity. Oregon's share of these direct benefits are approximately \$275,204 and has been deferred to account 254 Other Regulatory Liabilities, offsetting deferred expenses.

CARES Act Tax Benefit

As described in the Supplemental filing on May 1, 2020 in Docket No. UM 2069, the Company will receive a benefit from carrying back its 2019 NOL to the five prior tax years. The benefit is approximately \$7.9M on a system basis, or \$948,703 allocated to Oregon. The Company filed the carry back form during Q4 2020 and recorded this benefit as an offset to COVID-19 deferral costs. Oregon's share of this benefit has been deferred to account 254 Other Regulatory Liabilities.

The Company filed several accounting method changes for tax purposes with its 2019 federal tax return. The IRS Tax Forms 3115, Application for a Change in Accounting Method, were filed with the Commission on October 19, 2020. The method changes provided a significant amount of

deductions that resulted in a 2019 net operating loss. Without these method change deductions, the Company would not have recognized a net operating loss and would therefore not have received this benefit. The service allocations from these additional method change deductions are being used to allocate the benefit.

Late Payment Fees

The Company's late fee revenues have decreased approximately \$258,000 (Oregon share) from March 1, 2020 through December 31, 2020 as compared to 2019. Due to revenue recognition accounting rules, the Company is tracking these late fees but will not record a deferral until the revenue is recorded in 2021.

Reconnection Charges

Reconnection charges are being analyzed and a deferral determination will be made at a later date.

Bill Payment Assistance Program Costs

The Company is developing a program proposal to identify and manage residential customer arrearages associated with the pandemic to prevent bad debt accumulating on customer accounts per the Stipulation in Docket UM 2114. A programmatic tariff is expected to be filed in February 2021. The costs to fund such program, approximately \$890,000 or one percent of the Company's 2019 Commission Basis Report, will be deferred after the program has been approved by the Commission and is being offered to customers.

Please direct any questions regarding this report to me at 509-495-8601 or liz.andrews@avistacorp.com.

Sincerely,

/s/ Elizabeth Andrews
