**RE: Advice No. 20-47, Updating Schedule 800, Service Maps**

Portland General Electric Company (PGE) submits this filing pursuant to Oregon Revised Statutes 757.205 and 757.210, and Oregon Administrative Rule (OAR) 860-022-0025, for filing proposed tariff sheets associated with Tariff P.U.C. No. 18, with a requested effective date of **February 12, 2021**:

Fourth Revision of Sheet No. 800-1  
Original Sheet No. 800-2

The purpose of this filing is to update Schedule 800 Service Maps with information that PGE offers shared and public GIS data and maps at no cost for viewing on a public shared website through ArcGIS Online. The spatial data is not designed to help fulfill engineering, surveying or legal needs and is for informational purposes only. PGE is adding the information and URL to assist customers at no charge. If additional assistance is needed for more detailed maps, customers can contact PGE's GIS department subject to the fees already listed in Schedule 800. In addition to offering the free viewing on the ArcGIS website, PGE is also updating that an electronic map or data that is purchased from PGE, can be refreshed at no cost, up to three times within the one year after the initial purchase.

To satisfy the requirements of OAR 860-022-0025, PGE responds as follows:

The proposed revisions to Schedule 800, Service Maps, do not increase, decrease, otherwise change existing rates, or impact revenues.

Please direct questions to Mary Widman at (503) 464-8223. Please direct all formal correspondence and requests to the following email address [pge.opuc.filings@pgn.com](mailto:pge.opuc.filings@pgn.com)

Sincerely,

*\s\ Robert Macfarlane*
