
UM 2141 stakeholders,

Staff is extending the deadline for comments on [PGE's Flexible Load Multi-Year Plan](#) to next Friday, December 17, 2021. As a reminder, Staff particularly seeks feedback on the new program activities and budgets proposed in Chapter 4 and the cost recovery proposal in Chapter 8, but welcomes comments on any part of the Multi-Year Plan.

We appreciate that this is a very busy time and that stakeholders are likely engaged in numerous active PUC dockets. Thank you for your time to participate in Docket No. UM 2141 and provide comments. We value your input.

Sincerely,

Kacia Brockman *(she/her)*
