Subject: water service to new Caldera Sprigs

To whom it may concern,

I am vehemently opposed to letting Caldera Springs new development infringe on our water works / water supply.

There are times now when our water pressure is low. With the addition of 415 new homes it will be a disaster – not to mention what the cost will entail.

We were pushing the envelope with adding Caldera Springs and Crosswater . Please do not allow this EXPANDED SERVICE.

Thank you, Sallie Hennessy
