

Distribution System Planning Docket Announcement

Staff Workshop Follow-up and Revised DSP Work Group Dates

December 16, 2021

Oregon Public Utility Commission (PUC) Staff lead a workshop on Friday, December 10, 2021, to receive public comment on Part 1 of utilities' Distribution System Plans. Participants were also invited to discuss substantive issues that parties have noted in Part 1 filings.

Staff is grateful to workshop participants for providing substantive comment and for a thorough discussion of both the Part 1 filings, and the issues that parties have noted with the filings.

Staff Slides and Workshop Recording

Staff's slides from the workshop are included below.

Background Information on DSP

PGE, Pacific Power, and Idaho Power filed Part 1 of their inaugural Distribution System Plans on October 15, 2021. Part 1 filings were required by [Order No. 20-485](#), which established DSP Guidelines.

Part 1 filings were included in Docket No. UM 2005, however separate dockets were established for each utility Plan. Review, public comment, and Commission action will be conducted in these dockets:

Idaho Power – Docket No. [UM 2196](#), PGE – Docket No. [UM 2197](#), Pacific Power – Docket No. [UM 2198](#)
