RE: Supplemental Filing Advice No. 21-39, Schedule 137, Customer-Owned Solar Payment Option Cost Recovery Mechanism

Portland General Electric Company (PGE) submits this supplemental filing pursuant to Oregon Revised Statutes 757.205 and 757.210, and Oregon Administrative Rule (OAR) 860-022-0025, for filing proposed tariff sheets associated with Tariff P.U.C. No. 18. PGE initially filed Advice No. 21-39 on November 12, 2021 with a requested effective date of January 1, 2022, which remains as filed. PGE is submitting this Supplemental Filing at the request of staff. Staff requested that PGE update the amortization schedule, amortizing the balance of Schedule 137 to zero over one year rather than two as initially proposed.

Enclosed are the following replacement sheets.

Sixth Revision of Sheet No. 137-1
Fourth Revision of Sheet No. 137-2

To satisfy the requirements of OAR 860-022-0025, PGE provides the following responses:

As a result of this proposed price change, 918,600 Cost of Service (COS) customers will be impacted by this overall \$7.3 million or 0.36% decrease in COS revenues. A typical Schedule 7 Residential Customer consuming 780 kWh monthly will see a bill decrease of approximately \$0.33 or 0.31%.

Enclosed are the work papers detailing the Schedule 137 prices.

Due to the requested effective date and the less than 30-day notice, PGE is also submitting an application requesting a waiver of legal statutory notice, pursuant to ORS 757.220 and OAR 860-022-0020.

Please direct questions or comments regarding this filing to Santiago Beltran Laborde at (503) 464-7902.
