Work Plan Update

During late December, 2022 investor owned utilities filed their Wildfire Mitigation Plans. The OPUC has 180 days to evaluate these plans and either to approve or approve with conditions. On March 14, 2023 the OPUC hosted a [workshop](#) where the utilities presented the overviews of their plans. Since then, “deep dive meetings” into topic areas have been underway. At the conclusion of these efforts key findings will be provided to inform stakeholders and decisionmakers. The table below outlines the remaining work and associated dates.
