4. The nature and extent of the Petitioner's interest in the proceeding is:

The petitioners own land that will be impacted by the Boardman to Hemingway transmission line and have been told the line will traverse this efu designated agriculture ground. Our concerns are not limited to but include the operation of two pivots, possibly interrupting GPS navigation of said pivots.as well as any farm equipment that has GPS guided applications. Also concern for electric shock,devaluation of property,etc.

5. The issues the Petitioner intends to raise at the proceeding are:

alternate routes, damages to farm ground, devaluation, pivot operation and other GPS related events.

6. The special knowledge or expertise of the Petitioner that would assist the Commission in resolving the issues in the proceeding is:

Existing corridor with existing transmission line in it was made for future utilities needs. This is not being done, but private ground for UTILITIES SERVING THE PUBLIC is wanting to be accessed by IPC. ; THIS SHOULD REMAIN IN EXISTING UTILITY CORRIDOR which is on public ground.

7. Based on the information provided above in accordance with the Commission's rules of procedure, I request to participate in this proceeding as an intervenor. I or the organization that I represent will not unreasonably broaden the issues, burden the record, or unreasonably delay the proceeding. OAR 860-001-0300.
