RE: Advice No. 22-29, Schedule 103, Metro Supportive Housing Services Business Income Tax

Portland General Electric Company (PGE) submits this filing pursuant to Oregon Revised Statutes (ORS) 757.205 and 757.210, and Oregon Administrative Rules (OARs) 860-022-0025(2) and 860-022-0030 for filing proposed tariff sheet associated with Tariff P.U.C. No. 18, with a requested effective date of **January 1**, **2023**:

Third Revision of Sheet No. 103-1

The purpose of this filing is to adjust the Metro Supportive Housing Services Business Income Tax (MSHS) rate to reflect projections of the 2023 MSHS tax expense and the current state of the MSHS balancing account. 2022 was the second year that PGE was required to pay the MSHS income tax for "commercial activity" within Metro's jurisdiction. PGE estimated the tax in 2022 to be \$446K, however the tax PGE expects to pay is closer to \$850K due to an increase in taxable income. The 2023 estimated tax is estimated to be about \$779K.

In 2022 the Schedule 103 collection rate was set to 0% due to less than taxable income in 2021 and over-estimating the tax during the first year of collection. The projected balance after tax payments made in 2022 is estimated to be a credit of about \$378K. PGE proposes to set the Schedule 103 collection rate to 0.024% in order to amortize the remaining 2023 estimated tax PGE expects to pay.

To satisfy the requirements of OAR 860-022-0025(2) and 860-022-0030, PGE provides the following responses:

The proposed Schedule 103 rate change will result in a 0.03% overall rate increase for approximately 782,000 Clackamas, Multnomah, and Washington County Customers within Metro's jurisdiction. A typical Schedule 7 Residential Customer consuming 780 kWh monthly will see a bill increase of approximately \$0.03.
