

**BEFORE THE PUBLIC UTILITY COMMISSION  
OF OREGON**

UM 2274

In the Matter of

PORTLAND GENERAL ELECTRIC  
COMPANY,

2023 All-Source Request for Proposals.

RULING

DISPOSITION: MOTION FOR EXTENSION GRANTED

On June 16, 2023, Northwest & Intermountain Power Producers Coalition (NIPPC) filed a motion for an extension of time to file an expert report that it intended to attach to its substantive comments. NIPPC explains that it will submit its substantive comments today, and is not seeking an extension of time to file the comments. NIPPC states that it is waiting for responses to discovery requests issued on June 5, 2023, and that it requested an expedited response to enable NIPPC to incorporate the responses into the expert report.

NIPPC requests a two-business day extension of time to file its expert report after PGE provides responses. Anticipating responses by June 19, NIPPC requests an extension until June 21.

NIPPC requests expedited consideration of this motion. NIPPC represents that it sought to confer with all parties of record to this proceeding, and as of the filing of this motion was unaware of any opposition, but that PGE, the Alliance for Western Energy Consumers, and Oregon Public Utility Commission Staff confirmed they did not oppose the extension.

NIPPC's motion is granted. NIPPC's expert report is due within two days of PGE providing responses to the outstanding discovery requests issued June 5, 2023.

Dated this 16th day of June, 2023, at Salem, Oregon.
