

**BEFORE THE PUBLIC UTILITY COMMISSION
OF OREGON**

UM 2274

In the Matter of

PORTLAND GENERAL ELECTRIC
COMPANY,

2023 All-Source Request for Proposals.

RULING

DISPOSITION: MOTION GRANTED IN PART; NEW SCHEDULE ESTABLISHED.

On December 19, 2023, NewSun Energy, LLC motioned to extend the date for comments on the Staff Report to December 22, 2023, at 12:00 p.m. Staff for the Commission responded to NewSun's initial inquiry stating that it would oppose an extension longer than to December 21, 2023, at 3:00 p.m.

I find good cause to extend the schedule on an expedited basis. But due to the necessity of preparing for the public meeting in this docket scheduled for January 4, 2023, I do not grant a longer extension than agreed to by Staff. Accordingly, the new due date is December 21, 2023, at 3:00 p.m.

Dated this 19th day of December, 2023, in Salem, Oregon.
