Re: UE 416 – Errata to the Supplemental Joint Testimony – Exhibit 601

Dear Filing Center:

Enclosed for filing please find an errata to the Supplemental Joint Testimony in Support of Partial Stipulation filed on November 9, 2023.

The errata replaces the excel spreadsheet submitted as Exhibit 601. The exhibit was mistakenly submitted in "landscape" format rather than "portrait" and explanatory notes were cut off.

Sincerely,

/s/ Stephanie Andrus

Notes:

- This table represents the ratio of projected 2024 Schedule 118 revenues to projected 2024 base rate revenues for each site in each schedule under various kWh caps.
- Forecasts of 2024 customer count, load, and total revenue for each schedule use the most recent forecasts. These forecasts differ to the amounts provided to AWEC as the load forecast had been updated between AWEC’s objection and the Stipulating Parties response to AWEC’s Objection.
- Assumes a target program revenue of \$52 million. This figure is \$3 million less than what was provided to AWEC as the forecasted 2024 Schedule 118 had been updated between AWEC’s objection and the Stipulating Parties response to AWEC’s Objection.
