

**BEFORE THE PUBLIC UTILITY COMMISSION
OF OREGON**

UM 2276

In the Matter of

PUBLIC UTILITY COMMISSION OF
OREGON,

Approval of Justice Funding Precertification.

MEMORANDUM

Following the review of submitted materials and conversation with grantees of 2023 pre-certification grants, I note that several grantees plan to complete releases of funding not utilized back to the Justice funding process, consistent with OAR 860-001-0890(8). The Commission recognizes that there is no established process or direction for a release of funds; this memo is intended to provide that direction.

Where a pre-certified organization has received funds and intends to execute a release, that organization must do the following:

- 1) Write a check (or checks, as appropriate) to the utility or utilities receiving the release.
- 2) File a notice in this docket stating the amounts released, the date the checks were sent, the amounts on the checks and the check numbers.

Where a pre-certified organization has not received funds and intends to execute a release, that organization must file a notice in this docket stating the amounts released, noting that funds were not received, and no checks were provided to funding utilities.

Following receipt of the notice, the Administrative Hearings Division will update its online tracking materials for funds.

Should any grantee or utility have questions about these requirements, they are invited to contact the Administrative Hearings Division or me directly.

Dated this 14th day of December 2023, at Salem, Oregon.

Nolan Moser
Chief Administrative Law Judge
