IF THE PETITIONER IS AN ORGANIZATION, THE NUMBER OF MEMBERS IN
AND THE PURPOSES OF THE ORGANIZATION:

Climate Solutions is a Northwest-based clean energy economy nonprofit. Our mission is to accelerate clean energy solutions to the climate crisis. We work in Washington and Oregon, and have extensive experience with the Oregon Public Utility Commission. We are not a membership organization.

List of Members attached.

NATURE AND EXTENT OF THE PETITIONER’S INTEREST IN THE PROCEEDING:

Climate Solutions was active in the passage of HB 2021 in the Oregon legislature. As a clean energy nonprofit, implementation of the law falls squarely within our core mission. Climate Solutions advocates for a broad range of clean energy solutions in Oregon, including in the transportation, buildings, and electricity sectors. HB 2021 intersects with all of these sectors. PGE's inaugural Clean Energy Plan is an important formative mechanism in HB 2021 implementation that will determine the utility's first steps in meeting the clean energy targets mandated by the law.

THE ISSUES THE PETITIONER INTENDS TO RAISE AT THE PROCEEDING:

We intend to assess and comment on the following components of PGE's IRP/CEP:

1. GHG reduction pathways
2. Continual progress
3. Community impacts and benefits
4. Small scale and community solar procurement
5. System-wide load forecasts

ANY SPECIAL KNOWLEDGE OR EXPERTISE OF THE PETITIONER THAT WOULD ASSIST THE COMMISSION IN RESOLVING THE ISSUES IN THE PROCEEDING:

Climate Solutions is well versed in a broad range of energy policy issues in Oregon, including those related to HB 2021 and the Clean Energy Plans. We engage in multiple forums, including the Oregon legislature, state agencies, and at the local level. This background combined with our involvement in the passage and implementation of HB 2021 positions us to add value to this proceeding.

Based on the information provided above in accordance with the Commission's rules of procedure, I request to participate in this proceeding as an intervenor. I or the organization that I represent will not unreasonably broaden the issues, burden the record, or unreasonably delay the proceeding. OAR 860-001-0300.
