

**BEFORE THE PUBLIC UTILITY COMMISSION
OF OREGON**

LC 80

In the Matter of

PORTLAND GENERAL ELECTRIC
COMPANY,

2023 Integrated Resource Plan and Clean
Energy Plan.

RULING

DISPOSITION: VIEW ONLY ACCESS IN HUDDLE GRANTED

Portland General Electric Company filed their 2023 Integrated Resource Plan and Clean Energy Plan on March 31, 2023. On May 18, 2023, Deep Blue Pacific Wind (DBPW), requested, via the filing center, “write” access in Huddle. DBPW has not, as of the date of this ruling, filed a petition to intervene. A separate communication, to an Administrative Hearings Division administrative employee received the same day from a person associated with the group’s law firm, stated that while DBPW did not request intervention, DBPW wanted to review publicly available discovery to determine whether DBPW would formally intervene.

To review the available, non-confidential discovery, DBPW will be granted “view” access in Huddle. This is sufficient to allow non-confidential discovery to be accessed and reviewed so that DBPW may make their determination whether to intervene.

PUC administrative employees will provide Deep Blue Pacific Wind “view” access in Huddle.

Dated this 26th day of May, 2023, at Salem, Oregon.

Christopher J. Allwein
Administrative Law Judge
