Sun Country Water Acct Number [REDACTED]
Docket UM 1598

Billing Date 1/30/2023
1/4/2023 Previous Read 631202
2/8/2023 Current Read **E**632387

Billing date 2/28/2023. They did not read the meter for this billing cycle.
2/8/2023 Previous Read 632387 this number was an estimate read from last month.

3/1/2023 Current Read 632387

Billing Date 3/28/2023 Billed me for 612cf.
3/1/2023 Previous 62800
4/1/2023 Current 628612 This is close to my read on 4/2/2023 of 628620.

Just more of the same, SCW does not even deserve the \$37.50 per month that they are charging as a base rate.

If we wanted to sell our house we would have to disclose this on any paper work, who would want to buy with a water company that is doing business in

the manner.

The payment that they received on or before March 21, 2023 has not been cashed as of 4/7/2023.
