You don't often get email from carriemichellerose@gmail.com. [Learn why this is important](#)

Hi,

I'm an intervenor in a rate case with Seavey Loop Water Company, docket number UW 196. I requested information from them in early July. They should have responded within two weeks, but they have still not answered my questions. (They did respond to say that they would be late responding, but they promised that they would answer by late July.) Katie Mapes is the Administrative Law Judge assigned to this case. Is there anything I can do to bring this to her attention so she can help get the Water Company to fulfill their obligations?

Thanks,  
Carrie Rose
