I am Anneleah Jaxen, the CEO of the Tualatin Chamber of Commerce. We serve more than 350 businesses in the city of Tualatin. Our mission is to promote our businesses and we advocate for our them when there are governmental issues that may impact their success.

The City of Tualatin's climate action plan intends to help Tualatin adapt to and lessen the worst local outcomes of climate change. This includes strategies for dealing with rising temperatures, an increased threat of wildfires and flooding, as well as strategies for reducing greenhouse gas emissions.

This Docket is important to the Tualatin Chamber, and the City of Tualatin in having more opportunity in achieving our goals.

Thank you for your consideration in adopting this proposal from NW Natural.

Sincerely,
