

**BEFORE THE PUBLIC UTILITY COMMISSION
OF OREGON**

UM 2300

In the Matter of

TEMPO TELECOM, LLC,

Application for Designation as an
Eligible Telecommunications Carrier and
Eligible Telecommunications Provider.

MEMORANDUM

On August 22, 2023, I issued a memorandum establishing a schedule in this docket. That schedule concluded with a deadline for a status report on February 15, 2024. Tempo Telecom, LLC (Tempo) filed a status report on February 14, 2024, indicating that the parties continue to exchange discovery, have an upcoming settlement conference scheduled, and continue to believe that the matter will be resolved through workshops and settlement conferences.

Given that there are no further deadlines in this docket, I request that Tempo confer with Commission Staff and the Oregon Citizens' Utility Board (CUB) to attempt to develop a proposed procedural schedule in this matter. The proposed procedural schedule should avoid deadlines for filings occurring on a Friday and include, at a minimum, dates for the filing of monthly status reports. The proposed procedural schedule should reflect the parties' good faith estimate on the amount of time needed to attempt to reach a settlement in this docket.

Tempo should file a joint proposed schedule by 3:00 p.m. on March 7, 2024.

Dated this 28th day of February, 2024, at Salem, Oregon.

John Mellgren
Administrative Law Judge
