

ISSUED: April 29, 2004

**BEFORE THE PUBLIC UTILITY COMMISSION
OF OREGON**

UM 926

In the Matter of)
)
The Investigation Regarding the) MEMORANDUM
Purchase of Subscription Power from the)
Bonneville Power Administration.)

On March 24, 2004, I issued a ruling allowing parties and other interested persons to submit opening and reply comments to Staff's recommendation to direct PacifiCorp to terminate the deferral of its Reduction of Risk Discount payments under PacifiCorp's Financial Settlement Agreement with Bonneville Power Administration. In that ruling, I indicated that the Commission would consider the filed comments when it revisits the issue at a public meeting to be held on or about May 4, 2004.

The purpose of this memorandum is to notify the parties to this docket, and others who filed comments, that the Commission will address this matter at its regular public meeting on May 4, 2004. Further information about the meeting can be viewed on the agency's website at www.puc.state.or.us by clicking on the "Public Meetings" link in the left hand column of the agency's homepage. The Commission Office is also providing notice of the Public Meeting as required by the Public Meetings Law.

Dated at Salem, Oregon, this 29th day of April, 2004.
