**RECITALS**

WHEREAS, CLEC and Qwest entered into an Interconnection Agreement ("Agreement") for service in the state of Oregon which was approved by the Oregon Public Utility Commission ("Commission") on December 3, 1999; and

WHEREAS, the Parties wish to amend the Agreement further under the terms and conditions contained herein.

### Collocation Available Inventory

#### 1.0 Description

1.1 Collocation Available Inventory provides the availability of returned collocation sites and elements, and are posted on the "Collocation Classifieds" web site. Available sites will be posted on the "Collocation Classified" web site: <http://www.qwest.com/cgi-bin/wholesale/collocation.cgi>. Qwest Available Inventory and CLEC Available Inventory are available. CLEC controlled sites are eligible for a Transfer of Responsibility.

1.2 Collocation sites available on the Qwest Available Inventory list may be totally or partially completed before being returned to Qwest inventory. Both caged and cageless sites will be offered on the inventory list. Sites will be offered "AS IS, WHERE IS." CLEC may request to modify or complete the reissued site to the CLEC's specifications. Additional elements or space (where available) may be ordered with the acquisition of the available site, however CLECs can not reduce any elements until the available site is accepted.

#### 2.0 Terms and Conditions

2.1 The offering of a collocation site from the Qwest Available Inventory list shall be limited to the offering of a specified site in Qwest's control to CLEC that either: (i) has a commission-approved Interconnection Agreement covering the specific type of collocation to be obtained or (ii) is currently in negotiations with Qwest for such an Agreement. CLEC obtaining a Collocation site from the Qwest Available Inventory must not have any overdue financial obligations owed to Qwest pertaining to Collocation. Formally disputed charges will be treated as an exception.

2.2 All services that were previously connected to the collocation (e.g. Unbundled Network Elements, CLEC to CLEC, administrative lines, Finished Services, Line Splitting and Line Sharing, etc.) will be disconnected before the site is listed on the "Qwest Postings" section of the Collocation Classifieds.

2.3 Available sites listed in the "CLEC Postings" section of the Collocation Classifieds are eligible for Transfer to an assuming CLEC with or without working circuits as described in the Collocation Transfer of Responsibility Product offering.

#### 3.0 Rate Elements

3.1 Pricing for sites listed within the Qwest Available Inventory list will be provided on a site-specific basis. Vacating CLEC's may receive a potential refund from sale of available/discounted sites based on outstanding Nonrecurring charges, amounts for reimbursable elements and transfer fees.

3.2 The following items are charged to a CLEC purchasing a site from the Qwest Available Inventory List. Charges will be provided to a CLEC via a quote that requires the CLEC's acceptance before work begins.

3.2.1 Quote Preparation Fee (QPF) Found in CLEC's existing Interconnection Agreement.

3.2.2 Reusable Elements are those Qwest inventoried components used to provision the collocation site. The quote will be for all components used to install the collocation space. These elements include Qwest inventoried components (i.e. cage, bays, HVAC, cable racking) to provision the original collocation site.

3.2.2.1 Nonrecurring Collocation Rate Elements that are reused, will be available at a 50% discount to an assuming CLEC.

3.2.3 Reimbursable Elements are those which are not subject to a discount to the assuming CLEC. This includes any reusable termination cabling that is part of the available site. Reimbursable Elements considered for a potential refund are, Digital Signal Level 0 (DS0) termination cabling, Level 1 (DS1) termination cabling, Level 3 (DS3) termination cabling, and fiber terminations (excluding entrance that run from vault directly to collocation site, i.e. Express Fiber Entrances).

3.2.4 Recurring charges for all Products and Services will be charged at rates listed in the assuming CLEC's Interconnection Agreement without a discount.

#### **4.0 Ordering**

4.1 CLEC must submit a "Qwest Collocation Application Form (new, change or augment)" on the Qwest web at: <http://www.qwest.com/wholesale/pcat/collocation.html>

4.2 The "submit" date for the Collocation Available Inventory request will commence on the date that the Wholesale Project Manager (WPM) notifies the Collocation Project Management Center (CPMC) that all prerequisites for this request to have been met.

4.3 Qwest will process the Available Inventory Request pursuant to the Collocation Intervals in the CLEC's Interconnection Agreement.

4.4 For purposes of first-come, first-served determination of availability, priority will be defined by the date and time the complete application is received by [rfsmet@qwest.com](mailto:rfsmet@qwest.com).

4.5 CLECs should submit an alternative option when requesting an available site by populating the "Second Choice" and/or "Third Choice" tabs included on the Qwest Collocation Application Form. This will prevent the possible cancellation of the submitted application in the event that the first choice is no longer available.
