Judith A. Pepler
President – Oregon

June 17, 2005

Transmittal No. 2000

The Honorable Lee Beyer, Commission Chair
Oregon Public Utility Commission
P. O. Box 2148
Salem, OR 97308-2148

ATTENTION: Vikie Bailey-Goggins, Administrator
Tariffs and Data Analysis

Dear Commissioner Beyer:

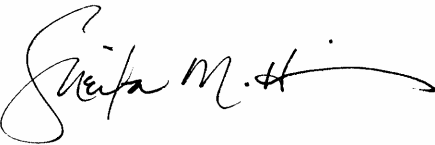

Pursuant to ORS 759.410, Qwest Corporation (“Qwest”) is filing notification of revisions to the Exchange and Network Services Tariff.

In compliance with Order Number 03-609, Issued October 6, 2003, in Docket Number UX28 – which exempted Qwest’s intraLATA toll services and 800 ServiceLine Option from regulation. This filing removes these products from Qwest Exchange and Network Services tariff and moves them to the catalog.

In addition, this filing also complies with Order Number 03-368, issued June 13, 2003, in Docket Number UX27 – which exempted Qwest’s Complete-A-Call service from regulation. This filing removes this product from Qwest Exchange and Network Services tariff and places it in the catalog.

If you have questions concerning this filing, please contact Sheila Harris on (503) 242-5950.

Very truly yours,

By 

Sheila M. Harris for
Judy Pepler President - Oregon
Qwest Communications, Inc.

6. MESSAGE TELECOMMUNICATIONS SERVICE

6.1 GENERAL

6.1.1 APPLICATION

A. Description

A. Description

Message Telecommunications Service (MTS) applies to all calls made between two or more rate centers within a Local Access and Transport Area (LATA). MTS provides telecommunications beyond the local calling area. MTS charges cover the service furnished between the calling and called stations. The Company does not undertake to transmit messages but furnishes the use of its facilities to its customers for communications.

(N)
—
(N)

This section sets forth the rates and charges applicable to the Company's Operator Assisted Service offerings. The total charge for each completed Operator Assisted call consists of the following charge elements:

1. A one-time fixed operator service charge added to the first minute of each operator service call, which will be dependent on the type of billing selected (i.e., Calling Card, Collect Third Party), and/or the completion restriction selected (i.e., Person-to-Person);
2. A per-minute usage charge dependent on the duration, distance, and time of day of the call. The usage charge element is specified as duration, with a minimum charge for each call of one minute, and with fractional minutes of use thereafter counted as full minutes;
3. Other additional surcharges as provided herein (i.e., payphone surcharge).
4. Terms, conditions and rates for Customer-dialed station-to-station (direct dialed) calls are located in the Exchange and Network Services Catalog.

6. MESSAGE TELECOMMUNICATIONS SERVICE

6.2 STANDARD SERVICE OFFERINGS

6.2.1 TWO-POINT MESSAGE TELECOMMUNICATIONS SERVICE

A. Class of Calls (Cont'd)

1. Customer-Dialed Calling Card (Mechanized)

(T)

Applies to Station-to-Station calls where equipment is available and the calling person dials zero, the telephone number desired, and the calling card or special billing number without the assistance of an operator and to Station-to-Station calling card calls where equipment is not available and operator assistance is required to complete the call. This also applies when the calling person dials the appropriate access code (usually zero), plus the telephone number to complete the call and operator assistance is limited to recording the calling card number for billing purposes. This also applies to calls placed from PALs.

2. Operator-Assisted Station-to-Station

(T)

Applies when calls are completed with the assistance of an operator, except in 1., preceding, and 4., following. Examples of these calls include collect, billed to another telephone number and sent paid. This also applies to calls placed from PALs.

U S WEST COMMUNICATIONS, INC.

NETWORK SERVICES

SECTION 6
3rd Revised Sheet 7
Cancels 2nd Revised Sheet 7

6. MESSAGE TELECOMMUNICATIONS SERVICE

6.2 STANDARD SERVICE OFFERINGS

6.2.1 TWO-POINT MESSAGE TELECOMMUNICATIONS SERVICE

A. Class of Calls (Cont'd)

3. Operator-Assisted Person-to-Person (T)

Applies when a calling person names the particular party to be reached by an operator. This also applies to calls placed from PALs. The party may be:

- A person.
- A station, department or office reached through a Company or customer-provided PBX attendant.

Person-to-Person also applies when the calling person:

- Cannot speak to the intended person or station but agrees to speak to someone else.

4. Charges (T)

a. Operator Service Charges

	CHARGE
• Customer-Dialed Calling Card or Special Billing Number[1]	\$0.50
• Operator-Assisted Station-to-Station[1]	1.30
• Operator-Assisted Person-to-Person[1]	3.00

b. Payphone Surcharge

Applies to all Company carried non coin calls (ie. billed to a third party, calling card, or collect placed from pay telephones.

	CHARGE
• Payphone Surcharge[2]	\$0.55

[1] The charges are in addition to applicable MTS rates. For exceptions to these charges, see 6.2.1. of the Exchange and Network Services Catalog. (C)

[2] This charge is in addition to all other applicable charges.

6. MESSAGE TELECOMMUNICATIONS SERVICE

6.2 STANDARD SERVICE OFFERINGS

6.2.1 TWO-POINT MESSAGE TELECOMMUNICATIONS SERVICE (Cont'd)

B. Timing of Calls

1. On customer dialed calling card and operator-assisted station-to-station, the timing of a call begins when the calling and called stations are connected. (C)
2. On person-to-person calls, the timing of a call begins when the calling person is connected to a specified person, station or an agreed upon alternate.
3. The timing for all calls ends when the calling person hangs up the telephone. If the called person hangs up, but the calling person does not, the timing of the call ends when the automatic timing equipment or the operator releases the network connection.
4. When exchange telephone service used for MTS is directly connected, i.e., not connected through a multiline terminating system, at a customer's premises to a communications system, chargeable time for all classes of calls begins when a call from the telecommunications network terminated in or passes through the first multiline terminating system or terminal equipment on that communications system. It is the customer's responsibility to furnish appropriate answer supervision to the point of connection with the exchange telephone service so that chargeable time may begin.

NETWORK SERVICES

SECTION 6
1st Revised Sheet 9
Cancels Original Sheet 9

6. MESSAGE TELECOMMUNICATIONS SERVICE

6.2 STANDARD SERVICE OFFERINGS

6.2.1 TWO-POINT MESSAGE TELECOMMUNICATIONS SERVICE

B. Timing of Calls (Cont'd)

5. MTS service rates are quoted in terms of initial and additional minutes.
 - The initial minute is the first minute or any fraction after connection is made.
 - The additional minute is each minute or any fraction after the initial minute.
6. The timing of a call does not include time lost because of service faults or defects that are reported to the Company.
7. The time of day at the calling person's rate center determines whether day, evening, or night/weekend rates apply. (C)
8. In cases where a message begins in one rate period and ends in another, the rate in effect in each rate period applies to the portion of the message occurring within that rate period. In the event that a minute of use is split between two rate periods, the rate in effect at the start of that minute applies.

C. Collection of Charges

Charges for calls are billed to the calling person, except where the calls are billed to: (C)

- The called telephone number as a collect call and the charge is accepted by the called person.
- A third telephone number, unless restricted from accepting this call type.
- An authorized calling card or special billing number.

Cancels 1st Revised Sheet 10

6. MESSAGE TELECOMMUNICATIONS SERVICE

6.2 STANDARD SERVICE OFFERINGS

6.2.1 TWO-POINT MESSAGE TELECOMMUNICATIONS SERVICE (Cont'd)

D. Payment Arrangements

The customer is responsible for payment of all charges for services furnished, due on receipt of the bill. This responsibility includes charges for all:

- Calls originated at the customer's station.
- Calls accepted at the customer's station.
- Authorized calls billed to the customer's station.
- Authorized calls billed to the customer's calling card.

E. Charge Determination

1. For calls, the charge is determined by the:

(C)

- Time of day and day of week
- Duration of call
- Class of call

6. MESSAGE TELECOMMUNICATIONS SERVICE

6.1 GENERAL

6.1.1 APPLICATION

A. Description

A. Description

Message Telecommunications Service (MTS) applies to all calls made between two or more rate centers within a Local Access and Transport Area (LATA). MTS provides telecommunications beyond the local calling area. MTS charges cover the service furnished between the calling and called stations. The Company does not undertake to transmit messages but furnishes the use of its facilities to its customers for communications.

(N)
—
(N)

This section sets forth the rates and charges applicable to the Company's Operator Assisted Service offerings. The total charge for each completed Operator Assisted call consists of the following charge elements:

1. A one-time fixed operator service charge added to the first minute of each operator service call, which will be dependent on the type of billing selected (i.e., Calling Card, Collect Third Party), and/or the completion restriction selected (i.e., Person-to-Person);
2. A per-minute usage charge dependent on the duration, distance, and time of day of the call. The usage charge element is specified as duration, with a minimum charge for each call of one minute, and with fractional minutes of use thereafter counted as full minutes;
3. Other additional surcharges as provided herein (i.e., payphone surcharge).
4. Terms, conditions and rates for Customer-dialed station-to-station (direct dialed) calls are located in the Exchange and Network Services Catalog.

6. MESSAGE TELECOMMUNICATIONS SERVICE

6.2 STANDARD SERVICE OFFERINGS

6.2.1 TWO-POINT MESSAGE TELECOMMUNICATIONS SERVICE

A. Class of Calls

Charges apply according to the class of call the calling person selects as defined below:

~~1. Dial Station to Station~~

~~Applies when the calling person dials the desired telephone number without the assistance of an operator and the call is billed to the calling number. This includes calls forwarded by call forwarding equipment. Dial Station to Station also applies when the operator:~~

- ~~• Records the calling telephone number for areas without recording equipment.~~
- ~~• Reaches the called telephone number because of trouble on the network or because dial completion is not available.~~
- ~~• Places a call for a calling person who is identified as being disabled and is unable to dial the call because of that disability.~~
- ~~• Reestablishes a dialed call when there is a service fault that interrupts a call after the called person has been reached.~~

6. MESSAGE TELECOMMUNICATIONS SERVICE

6.2 STANDARD SERVICE OFFERINGS

6.2.1 TWO-POINT MESSAGE TELECOMMUNICATIONS SERVICE

A. Class of Calls (Cont'd)

2 1. Customer-Dialed Calling Card (Mechanized)

(T)

Applies to Station-to-Station calls where equipment is available and the calling person dials zero, the telephone number desired, and the calling card or special billing number without the assistance of an operator and to Station-to-Station calling card calls where equipment is not available and operator assistance is required to complete the call. This also applies when the calling person dials the appropriate access code (usually zero), plus the telephone number to complete the call and operator assistance is limited to recording the calling card number for billing purposes. This also applies to calls placed from PALs.

3 2. Operator-Assisted Station-to-Station

(T)

Applies when calls are completed with the assistance of an operator, except in 1., preceding, and 4., following. Examples of these calls include collect, billed to another telephone number and sent paid. This also applies to calls placed from PALs.

6.2 STANDARD SERVICE OFFERINGS

6.2.1 TWO-POINT MESSAGE TELECOMMUNICATIONS SERVICE

A. Class of Calls (Cont'd)

4 3.Operator-Assisted Person-to-Person

(T)

Applies when a calling person names the particular party to be reached by an operator. This also applies to calls placed from PALs. The party may be:

- A person.
- A station, department or office reached through a Company or customer-provided PBX attendant.

Person-to-Person also applies when the calling person:

- Cannot speak to the intended person or station but agrees to speak to someone else.

5 4.Charges

(T)

a. Operator Service Charges

	CHARGE
• Customer-Dialed Calling Card or Special Billing Number[1]	\$0.50
• Operator-Assisted Station-to-Station[1]	1.30
• Operator-Assisted Person-to-Person[1]	3.00

b. Payphone Surcharge

Applies to all Company carried non coin calls (ie. billed to a third party, calling card, or collect placed from pay telephones.

	CHARGE
• Payphone Surcharge[2]	\$0.55

[1] The charges are in addition to applicable MTS rates. For exceptions to these charges, see ~~A.1., preceding~~ 6.2.1. of the Exchange and Network Services Catalog.

(C)

[2] This charge is in addition to all other applicable charges.

6. MESSAGE TELECOMMUNICATIONS SERVICE

6.2 STANDARD SERVICE OFFERINGS

6.2.1 TWO-POINT MESSAGE TELECOMMUNICATIONS SERVICE (Cont'd)

B. Timing of Calls

1. ~~On dial station to station, customer dialed calling card and operator assisted station to station, the timing of a call begins when the calling and called stations are connected.~~ (D)
(D)

On customer dialed calling card and operator-assisted station-to-station, the timing of a call begins when the calling and called stations are connected. (N)
(N)

2. On person-to-person calls, the timing of a call begins when the calling person is connected to a specified person, station or an agreed upon alternate.
3. The timing for all calls ends when the calling person hangs up the telephone. If the called person hangs up, but the calling person does not, the timing of the call ends when the automatic timing equipment or the operator releases the network connection.
4. When exchange telephone service used for MTS is directly connected, i.e., not connected through a multiline terminating system, at a customer's premises to a communications system, chargeable time for all classes of calls begins when a call from the telecommunications network terminated in or passes through the first multiline terminating system or terminal equipment on that communications system. It is the customer's responsibility to furnish appropriate answer supervision to the point of connection with the exchange telephone service so that chargeable time may begin.

SECTION 6
1st Revised Sheet 9
Cancels Original Sheet 9

6. MESSAGE TELECOMMUNICATIONS SERVICE

6.2 STANDARD SERVICE OFFERINGS

6.2.1 TWO-POINT MESSAGE TELECOMMUNICATIONS SERVICE

B. Timing of Calls (Cont'd)

5. MTS service rates are quoted in terms of initial and additional minutes.
 - The initial minute is the first minute or any fraction after connection is made.
 - The additional minute is each minute or any fraction after the initial minute.
6. The timing of a call does not include time lost because of service faults or defects that are reported to the Company.
7. ~~For basic MTS calls~~ The time of day at the calling person's rate center determines whether day, evening, or night/weekend rates apply. (C)
8. In cases where a message begins in one rate period and ends in another, the rate in effect in each rate period applies to the portion of the message occurring within that rate period. In the event that a minute of use is split between two rate periods, the rate in effect at the start of that minute applies.

C. Collection of Charges

Charges for ~~basic MTS~~ calls are billed to the calling person, except where the calls are billed to: (C)

- The called telephone number as a collect call and the charge is accepted by the called person.
- A third telephone number, unless restricted from accepting this call type.
- An authorized calling card or special billing number.

6.2.6 ~~COMPLETE A CALL~~

(M)

~~A. Description~~

~~The Company will furnish (where facilities permit) COMPLETE A CALL whereby a customer calling for directory assistance may request the completion of local, intraLATA or 800/800 type calls to the telephone number that was provided to that customer on the directory assistance call. The call will be completed either by the Directory Assistance operator or by the Directory Assistance audio response system that provides the requested directory number.~~

~~In addition, where facilities permit, business customers may subscribe to Business COMPLETE A CALL. Business customers subscribing to this service will be able to have their customers who call Directory Assistance and request their number, connected to them at no charge to their customer. Business customers subscribing to this service are charged a per call rate each time a customer is connected to them after requesting their number.~~

~~B. Terms and Conditions~~

- ~~1. COMPLETE A CALL applies to residence, business, and Public Access Line customers.~~
- ~~2. There are no call allowances, however, the charges and call allowances for Directory Assistance are not affected and are governed by conditions in this section.~~
- ~~3. COMPLETE A CALL may be alternately billed where facilities permit.~~
- ~~4. COMPLETE A CALL can be blocked at the originating customer's request.~~
- ~~5. All Operator Service charges apply as appropriate.~~
- ~~6. For local and intraLATA calls, charges for COMPLETE A CALL are not applicable to calls placed by special needs customers as specified in this section.~~

(D)

~~A. Description~~

~~The MTS Competitive Response Program is an offering for customers who return to U S WEST Communications after changing to another local long distance telecommunications provider.~~

~~U S WEST Communications will offer incentives to customers who return for their message telecommunication service.~~

~~B. Terms and Conditions~~

~~1. This competitive response offering will only be offered to customers returning to U S WEST Communications from a competing local long distance telecommunications provider.~~

~~2. U S WEST Communications shall use reasonable business efforts so that similarly situated customers are offered similar incentive(s) in similar circumstances.~~

~~3. The MTS Competitive Response Program is a competitive response only and is not available for resale.~~

~~C. Rates and Charges~~

~~Customers returning to U S WEST Communications for intraLATA toll service may receive waivers, credits or free minutes of use not to exceed \$100.00 per customer, per year. Customers who receive offers valued at \$50.00 and greater are required to sign a minimum 12 month contract.~~

6.3.17 ~~PRIME SAVER SERVICE~~

~~A. Description~~

~~Prime Saver Service provides customers the opportunity to contract for intraLATA calls at a discounted rate. The customer selects a monthly usage level and is guaranteed a rate per minute associated with that level. The customer will pay for at least the monthly minimum charge associated with the selected usage level, plus additional usage above the selected minimum usage level.~~

~~B. Terms and Conditions~~

- ~~1. Prime Saver rates apply only to dial station to station calls as defined elsewhere in this Section.~~
- ~~2. Prime Saver rates apply only to intraLATA MTS calls originating and terminating within the same state. Interstate intraLATA calls are excluded.~~
- ~~3. Prime Saver rates do not apply to calls included in Company optional MTS calling plans.~~
- ~~4. Usage that has not been converted to MTS from WATS, 800/800 type, FX, and FGA does not qualify for accumulation of Prime Saver Service hours.~~
- ~~5. Usage on residential service does not qualify for Prime Saver Service.~~

6.3.18 CALLING CONNECTION PLANS

(M)

~~A. Description~~

~~MTS Calling Connection Plans (hereafter referred to as the Plans) are optional toll calling discount plans. These Plans are defined below:~~

~~Business Daytime Connection Plus~~

~~Customers subscribing to this plan will be charged a monthly rate for which they receive a designated number of minutes of intraLATA toll. For all additional Plan calls, the customer will be charged a special per minute rate specified in C., following. The monthly rate will always apply. In addition, customers will receive a discount on the customer dialed calling card station to station service charges specified in C., following.~~

~~City Connection~~

~~Customers subscribing to this plan are charged a monthly rate for which they may select a city most frequently called, as represented by a telephone company exchange, and for calls placed to that city, they receive a discount as specified in C., over the established MTS rates in effect. All additional calls receive a separate discount as specified in C., following. These discounts do not apply to operator-assisted charges.~~

~~Volume Calling Connection~~

~~Customers subscribing to this plan are charged a special rate and will also receive a discount based on the monthly MTS Plan usage billed to their account. The discount applies to the customer's total amount of intraLATA toll billed each month, per account. Customers will receive Call Detail with this Plan. In addition, customers will receive a discount on the customer dialed calling card station-to-station service charges specified in C., following.~~

~~A multilocation option is available to business customers with additional locations within the state. Each different account(s) must have a legal or formal affiliation such as a partnership or subsidiary relationship with the main account. A maximum number of 25 account(s) must be authorized by the main account. The main account and location account(s) must be in the same telephone company territory.~~

~~The main account and location account(s) will receive an additional discount specified in C., following. In addition, customers will receive a discount on the customer dialed calling card service charge specified in C., following. Both the main account and each additional location account must be located within the state. The monthly rate specified in C. is applied to the main account only.~~

~~106.2 STANDARD SERVICE OFFERINGS~~

(M)

~~106.2.5 INTEREXCHANGE RECEIVING SERVICE~~

~~A. Description~~

- ~~1. Interexchange Receiving Service (IRS) is a special billing arrangement permitting business customers to pay for long distance charges originated by their clients in other exchanges.~~
- ~~2. A telephone number designation is assigned to each service in each exchange where the customer requests IRS.~~
- ~~3. Each Interexchange Receiving Service may have a directory listing in both sending and receiving exchanges. Acceptance of the listing is governed by terms, conditions, rates and charges in 5.7.1.~~
- ~~The phrase "No long distance charge" may be included in IRS listings, also at no additional charge.~~
- ~~4. The exchange where the customer of IRS service is located is known as the receiving location because it receives the long distance call.~~
- ~~5. The exchange at the distant city, subscribed to by the IRS customer, is known as the sending location because it sends the long distance call.~~

~~106.2.5 INTEREXCHANGE RECEIVING SERVICE (Cont'd)~~

~~B. Terms and Conditions~~

~~1. IRS is available to customers of individual line Business Exchange Service, Business Private Branch Exchange Service, Centrex Service, Telephone Answering Service, and Order Receiving Equipment Service located in the receiving exchange, unless restricted from accepting collect calls.~~

~~2. Message Toll charges received on IRS will be billed at the station operator handled rates.~~

~~3. Only calls originating in the exchange subscribed for will be completed to the IRS number. The customer's service in the receiving exchange must not be included in the local calling area of the calling station.~~

~~4. Billing for calls from Mobile Units to an IRS customer is divided between local charge and long distance charge.~~

~~The toll portion of the call is billed to the IRS customer.~~

~~The local message unit charges and air time charges are billed to the Mobile customer.~~
