Re: APPLICATION OF CINGULAR WIRELESS, LLC FOR DESIGNATION AS AN ELIGIBLE TELECOMMUNICATIONS CARRIER PURSUANT TO THE TELECOMMUNICATIONS ACT OF 1996 (Non-Rural and Rural Areas)

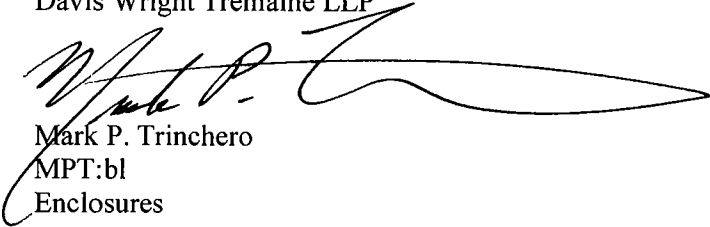

Dear Ms. Nichols:

Enclosed for filing is the “**APPLICATION OF CINGULAR WIRELESS, LLC FOR DESIGNATION AS AN ELIGIBLE TELECOMMUNICATIONS CARRIER PURSUANT TO THE TELECOMMUNICATIONS ACT OF 1996**” in the above-referenced proceeding. The original and five (5) copies of this document are being delivered via UPS next day mail. Confidential Exhibits E and G contain information that constitute “trade secrets” exempt from public disclosure pursuant to ORS 192.420(1) and 192.510(2). Cingular requests that the Commission accord confidential treatment to these exhibits.

Thank you for your assistance.

Very truly yours,

**APPLICATION OF CINGULAR WIRELESS, LLC FOR DESIGNATION AS AN
ELIGIBLE TELECOMMUNICATIONS CARRIER IN THE STATE OF OREGON
PURSUANT TO THE TELECOMMUNICATIONS ACT OF 1996**

Cingular Wireless, LLC (“Cingular”), on behalf of itself and its affiliated entities in Oregon, New Cingular Wireless PCS, LLC; Hood River Cellular Telephone Company, Inc., Medford Cellular Telephone Company, Inc., and Salem Cellular Telephone Company, (collectively “Cingular”) respectfully submits this Application for Designation as an Eligible Telecommunications Carrier (“ETC”) pursuant to Section 214(e)(2) of the federal Communications Act of 1934, as amended (“Act”),¹ and Section 54.201 of the Federal Communications Commission (“FCC”) rules. Cingular requests that it be designated as eligible to receive available support from the federal Universal Service Fund (“USF”) including, but not limited to, support for rural, insular and high-cost areas and low-income customers. In support of this Application, the following is respectfully shown:

I. APPLICANT

The Applicants are: New Cingular Wireless PCS, LLC; Hood River Cellular Telephone Company, Inc., Medford Cellular Telephone Company, Inc., and Salem Cellular Telephone

¹ 47 U.S.C. § 214(e)(2)

Company. The Applicants are subsidiaries of Cingular Wireless LLC. Cingular Wireless LLC's principal place of business is located in Atlanta, Georgia.

Cingular is authorized by the Commission to provide commercial mobile radio services ("CMRS") throughout the requested service area in the state of Oregon.

II. ALLEGATION OF FACTS

A. Eligibility and Identification of the Service Area.

Under Sections 214(e) and 254 of the Act, the Public Utility Commission of Oregon ("OPUC" or "Commission") is authorized to designate Cingular as an ETC. Section 214(e)(2) of the Act requires state commissions to designate as an ETC, throughout the service area for which ETC status is sought, any common carrier that: (i) offers services that are supported by federal universal service support mechanisms; and (ii) advertises the availability of such services.

Section 214(e)(2) of the Act provides that ETC designations shall be made for a "service area" designated by the state commission. Section 214(e)(5) of the Act provides that the "service area" shall be the geographic area established by the state commission. In areas served by a non-rural company, the state commission may redefine the study area of the incumbent local exchange carriers in designating a competitive ETC service area without federal concurrence.² In areas served by a rural telephone company, the FCC's rules generally define a competitive ETC's "service area" to mean the LEC study area.³ Attached as Exhibit A is a list of the non-rural ILEC wire centers and the rural ILEC study areas for which Cingular seeks to be designated as an ETC. Cingular does not seek to split any wire centers in the non-rural ILEC areas. Cingular does not seek redefinition of any of the rural study areas. Attached as Exhibit B is a map of Cingular's proposed ETC service area in the state of Oregon.

² See 47 U.S.C. § 214(e)(5).

³ See 47 C.F.R. § 54.207(b).

III. CINGULAR SATISFIES THE STATUTORY AND REGULATORY PREREQUISITES FOR DESIGNATION AS A FEDERAL ETC

Cingular satisfies each of the statutory and regulatory prerequisites set forth in the Act and the FCC's Rules⁴. On March 17, 2005, the FCC released its *ETC Report and Order*⁵ establishing additional requirements for carriers seeking ETC designation before the FCC. While the new FCC ETC designation criteria are not binding on State Commissions, the FCC has encouraged the states to adopt the new rules contained in the *ETC Report and Order*.⁶ This Commission is currently considering whether to adopt all or some portion of the rules recently promulgated by the FCC.⁷ Although Cingular does not know today whether or not this Commission will adopt all of the FCC's rules as set forth in the *ETC Report and Order*, Cingular has nonetheless provided all of the information required by the FCC in its recent *ETC Report and Order* as if the Commission had adopted all of the recently promulgated federal rules.

A. Cingular is a Common Carrier

Cingular is a "common carrier" under 47 U.S.C. § 214(e)(1) and 214(e)(6) for purposes of ETC designation.

B. Cingular Offers the Services and Functionalities Supported by the Federal High-Cost and Low-Income Universal Service Program

Section 214(e)(1) of the Act and Section 54.201(d) of the FCC's rules provide that carriers designated as ETCs shall, throughout their service area, (1) offer the services that are supported by the federal universal service support mechanisms either using their own facilities or a combination of their own facilities and resale of another carrier's services, and (2) advertise the

availability of such services and the charges therefore using media of general distribution.⁸ The services which are supported by the federal USF are:

- (1) voice-grade access to the public switched telephone network;
- (2) local usage;
- (3) dual-tone multi-frequency signaling or its functional equivalent;
- (4) single-party service or its functional equivalent;
- (5) access to emergency services;
- (6) access to operator services;
- (7) access to interexchange service;
- (8) access to directory assistance; and
- (9) toll limitation for qualifying low-income consumers.⁹

Cingular provides all of the nine supported services in satisfaction of the requirements of Section 214(e)(1) of the Act. Cingular accepts the obligation to offer these supported services throughout its ETC designated area in the state upon reasonable request in full compliance with the obligation of an ETC.

Voice Grade Access. “Voice grade access” permits a telecommunications user to transmit voice communications, including signaling the network that the caller wishes to place a call, and to receive voice communications, including receiving a signal that there is an incoming call. The FCC has determined that voice grade access to the public switched telephone network means the ability to make and receive calls with a minimum bandwidth of 300 to 3000 Hertz.¹⁰ Through its interconnection agreements with local exchange carriers (LECs) in Oregon, Cingular’s customers are currently able to make and receive calls on the public switched telephone network within the specified bandwidth.

Local Usage. “Local usage” is defined as an amount of minutes of use of exchange service, as prescribed by the FCC, provided without an additional charge to end users. 47 C.F.R.

⁸ 47 U.S.C. § 214(e)(1); 47 C.F.R. § 54.201(d)

⁹ 47 C.F.R. § 54.101(a)(1)-(9).

¹⁰ *Federal-State Joint Board on Universal Service, First Report and Order*, 12 FCC Rcd 8776 (1997) (“*First Report and Order*”), ¶¶63-64.

§54.101(2). In its *ETC Order* the FCC recently provided further guidance on this measure. Although this is not binding on the states, Cingular has provided information in this Application consistent with the FCC's guidance. The current FCC rules for carriers seeking ETC status before the FCC require an ETC applicant to "demonstrate that it offers a local usage plan comparable to the one offered by the incumbent LEC in the service areas for which it seeks designation."¹¹ While the FCC has declined to adopt a specific local usage threshold, it instead requires that the local usage plan of an ETC applicant be reviewed on a case-by-case basis.

Cingular is committed to providing all its 54.1 million customers with valuable calling plans and believes that its calling plans are comparable in value to those offered by the incumbent LEC. Calling plans cannot be compared solely on price, but must also consider calling scope and the additional features and functionalities offered. Cingular's current calling plans offer consumers numerous benefits including the inherent mobile nature of wireless service. Further, Cingular's "local" calling area is much broader than the incumbent LEC. For example, customers that currently choose the Cingular Nation GSM or the FamilyTalk calling plans never pay additional roaming or long distance charges in the United States and are served by the largest voice and data network in America. Thus, all calls from anywhere on the Cingular network to anywhere else in the United States are "local" calls for these customers. Also, the calling plans currently offered by Cingular include numerous features that are available at no additional charge, such as: Voicemail, Caller ID, Call Forwarding, Call Waiting, Detailed Billing, and Three-Way Calling. Moreover, many calling plans include either unlimited nights and weekend minutes or generous night and weekend minute packages. All calling plans currently offered include unlimited mobile calling between Cingular customers, and allow

¹¹ 47 C.F.R. § 54.202(a)(4).

customers to Rollover unused minutes for use in subsequent months. Examples of Cingular's calling plans are attached as Exhibit D.

Dual Tone Multi-frequency Signaling or its Functional Equivalent. "DTMF" is a method of signaling that facilitates the transportation of call set-up and call detail information. DTMF makes "touchtone" dialing possible by facilitating the transportation of signaling through the network. The FCC has recognized that "wireless carriers use out-of-band signaling mechanisms...[It] is appropriate to support out-of-band signaling mechanisms as an alternative to DTMF signaling."¹² Cingular currently uses out-of-band digital signaling and in-band multi-frequency signaling that is the functional equivalent to DTMF signaling, in accordance with the FCC's requirements.

Single party Service. "Single-party service" permits the exclusive use of a particular subscriber loop or access line by a single subscriber. The FCC has determined that a CMRS provider meets the requirement of offering single party service when it offers a dedicated message path for the length of a user's particular transmission.¹³ Cingular meets the requirement of single-party service in all of its service offerings by providing a dedicated message path for the length of a user's wireless transmission.

Access to Emergency Services. "Access to emergency service" means the ability to reach a public service answering point ("PSAP") by dialing "911". The FCC requires that a carrier must provide access to enhanced 911 or "E911", which includes the capability of providing both automatic numbering information ("ANI") and automatic location information ("ALI"), when the PSAP is capable of receiving such information and the service is requested

¹² *Universal Service Order*, ¶71

¹³ 47 C.F.R. § 54.101(a)(4); *Universal Service Order*, ¶62

from the carrier.¹⁴ Cingular currently provides its voice customers in Oregon with the ability to access emergency services by dialing “911”. Cingular is also capable of delivering ANI and ALI information over its existing network and is in compliance with all applicable federal E911 requirements. Cingular will continue to work with local PSAPs within its ETC services areas to make E911 service available according to the FCC’s requirements.

Access to Operator Services. “Access to operator services” means any automatic or live assistance provided to a customer to arrange for the billing or completion, or both, of a telephone call.¹⁵ Cingular meets this requirement by providing access to operator services to its customers by dialing “0”.

Access to Interexchange Services. An ETC must offer consumers access to interexchange service to make and receive toll or interexchange calls. Cingular currently meets this requirement by providing all of its subscribers with the ability to make and receive interexchange or toll calls. The FCC in its *ETC Report and Order* requires ETC Applicants before the FCC to acknowledge that the ETC may be required to provide equal access to long distance carriers in the event that no other ETC is providing equal access within the service area.¹⁶ CMRS providers are not required to provide equal access under 47 U.S.C. §332(c)(8) and it is Cingular’s belief that a state commission cannot require a wireless ETC to provide equal access. Moreover, while Cingular does not currently provide equal access to long distance carriers, Cingular does provide its customers with the ability to make calls anywhere within the United States at no additional charge as part of its Cingular GSM Nation and FamilyTalk calling plans. Nevertheless, if the Oregon Commission chooses to adopt the equal access requirement adopted by the FCC in the *ETC Report and Order*, Cingular will abide by such a rule.

¹⁵ 47 C.F.R. § 54.101(a)(6); *Universal Service Order*, ¶75

¹⁶ *ETC Report and Order*, ¶35.

Directory Assistance. “Access to directory assistance” means the ability to provide access to a service that makes directory listings available.¹⁷ Cingular currently meets this requirement by providing its customers access to directory assistance by dialing “411” or “555-1212”.

Toll Limitation. “Toll limitation” includes the offering of either “toll control” or “toll blocking” to qualifying low-income customers, as a means of limiting or blocking the completion of outgoing toll calls.¹⁸ An ETC is not required to provide both services if the carrier is incapable of providing both.¹⁹ Once designated as an ETC, Cingular will participate in the Lifeline and Link Up programs for qualifying low-income customers. The Lifeline calling plan that Cingular intends to offer does not make a distinction between local and toll calls. If for any reason Cingular changes that offer, it will meet the toll limitation requirement by providing toll blocking.

C. Cingular Will Provide the Supported Services Using its Own Facilities or a Combination of Its Own Facilities and Resale of Another Carrier’s Services

Cingular will provide the supported services using its own facilities or a combination of its own facilities and the resale of another carrier’s service. Cingular primarily will use its own network infrastructure, which includes the same antennae, cell-sites, towers, trunking, mobile switching and interconnection facilities used to serve its existing customers.

D. Cingular Will Advertise the Availability of and Charges for its Universal Service Qualifying Offerings

Pursuant to Section 54.201 of the FCC’s rules, Cingular will advertise the availability of the supported services detailed above and the corresponding rates and charges in a manner designed to inform the general public within its designated ETC service areas. This advertising

¹⁷ 47 C.F.R. § 54.101(a)(8)

¹⁸ 47 C.F.R. § 54.400(b)-(d); *Universal Service Order*, ¶82

¹⁹ 47 C.F.R. § 54.400(d)

will occur through some combination of media channels, such as television and radio, newspaper, magazine and other print advertisements, outdoor advertising, direct marketing, and the Internet.²⁰ Cingular also intends to promote its Lifeline service in Oregon, primarily through print and radio advertising, collateral in its stores and direct outreach by Cingular to community health, welfare and employment offices. Attached as Exhibit F is a sample of the Lifeline collateral and print advertisements used in Washington State as Cingular is already an ETC there.

E. Commitment to Consumer Protection

Consistent with the FCC's *ETC Report and Order*, Cingular will abide by the Cellular Telecommunications and Internet Associations Consumer Code for Wireless Service ("CTIA Code").²¹ Cingular has already adopted the CTIA Code and is committed to compliance with the CTIA Code throughout its service areas, including in those areas where it is seeking designation as an ETC.

Cingular also exceeds the CTIA Code in several respects. For example, Cingular exceeds the 14-day "no-risk" trial period set forth in the CTIA Code by providing a 30-day trial period. In addition, Cingular has instituted other consumer-friendly measures such as Cingular Service Summary ("CSS") which summarizes for each customer important elements of his or her service, such as calling plan details, first bill and ongoing bill estimator, listing of important standard charges and of Cingular's policies. Customers that purchase service at a Cingular store receive a customized CSS.

²⁰ See Confidential Exhibit E which provides data regarding Cingular's 2006 advertising plan. Confidential Exhibit E contains highly confidential information that constitutes "trade secrets" exempt from disclosure pursuant to ORS 192.420(1) and 192.510(2). Cingular requests the Commission accord Exhibit E confidential treatment.

²¹ See 47 C.F.R. § 54.202(a)(3)

Cingular will also cooperate with the OPUC in its enforcement efforts relating to the Oregon Department of Justice (“DOJ”) settlement or Assurance of Voluntary Compliance. Cingular is already a signatory to the AVC and will continue to abide by it as well. The Interagency Agreement states that carriers are required to provide substantially accurate coverage maps to consumers; allow new customers to terminate a wireless contract for any reason within 14 days of activation without paying an early termination fee; return any activation or other “non-usage” based fee charged to consumers if consumers cancel within three days of activation; disclose material terms and conditions of the plans in the carriers’ advertising, when soliciting new consumers through telemarketing, and in writing, after a consumer purchases a new plan; separately state the charge for each plan feature or service on consumers’ bills; and not represent that discretionary cost recovery fees are taxes or some other type of government required fee.²²

F. Commitment to Provide Service Upon Reasonable Request

Cingular commits that if a request is made by a potential customer within its existing network coverage, Cingular will provide service immediately using its standard customer equipment (handsets/wireless devices). If a potential customer requests service within Cingular’s designated area, but outside its existing network coverage, Cingular will follow the six-step process specified in 47 C.F.R. § 54.202(a)(1)(A). Specifically, Cingular will determine if service can be provided at reasonable cost by (a) modifying or replacing the requesting customer’s equipment; (b) deploying a roof-mounted antenna or other equipment; (c) adjusting the nearest cell tower; (d) adjusting network or customer facilities; (e) reselling services from

²² See *In the Matter of Edge Wireless, LLC Application for Designation as an Eligible Telecommunications Carrier Pursuant to the Telecommunications Act of 1996*, Docket UM 1177, Order No.05-965 (“*Edge ETC Order*”) at 7.

another carrier's facilities to provide service; or (f) employing, leasing or constructing an additional cell site, cell extender, repeater, or other similar equipment.

G. Five Year Plan

Although not formally required by the Commission, the FCC requires that carriers currently seeking ETC designation before the FCC provide a five-year plan that specifies how signal quality, coverage or capacity will improve due to the receipt of high cost support. While Cingular believes that a five-year period is too long of a period to provide such information, Cingular nevertheless made its best efforts and attaches its five-year plan as Confidential Exhibit G. This plan depicts the capital expenditures and corresponding increases in coverage that residents in high-cost areas of Oregon will enjoy if Cingular is granted ETC status. The information contained in this plan is highly confidential and constitutes "trade secrets" exempt from public disclosure pursuant to ORS 192.420(1) and 192.501(2). Therefore, Cingular requests that the Commission accord Exhibit G confidential treatment. Cingular has to the best of its ability estimated the year in which the improvements will occur. It is important to note, however, that the timing for the construction of a cell site or other network improvements depends on numerous variables, some of which are beyond Cingular's control, and thus is subject to change. Also in the attached plan, when relevant, Cingular has provided estimates of maintenance and upgrade costs for each year in the five-year period.

H. Ability to Remain Functional in an Emergency

Cingular is committed to providing and maintaining essential telecommunications services in times of emergency. Indeed, there are numerous actions Cingular has already taken for emergency preparedness. Cingular has in place a comprehensive disaster recovery plan that is reviewed annually. In preparation for power outages, Cingular has battery backup power and

generators at its switch locations. In addition, the majority of Cingular's cell sites have battery back-up and there are permanent generators at many of its critical cell sites (not all cell sites are conducive to generators), and portable generators are available for deployment in the region. Cingular also has monitoring systems in place so that it quickly knows if it has any switches or cell sites that are not functioning properly. Further, in response to natural disasters, such as the recent hurricanes, Cingular has generators, Cell Sites on Wheels ("COWs") and portable microwave equipment (when there is outage of the lines that Cingular leases from the wireline carrier) that it can deploy. In these situations, Cingular also works closely with its major equipment vendors to quickly replace or repair damaged hardware on its cell sites.

IV. DESIGNATING CINGULAR AS A COMPETITIVE ETC WILL SERVE THE PUBLIC INTEREST

In addition to finding that an applicant provides the supported services and the other enumerated requirements, the Commission must also determine whether designation of Cingular as an ETC in the areas requested serves the public interest. Cingular strongly believes that designating Cingular as an ETC is in the public interest.

A. Unique Advantages Cingular's Service Offerings

In addition to providing consumers with the benefits of increased choice and competition, there are other advantages to designating Cingular as an ETC. Cingular's customers enjoy the advantages of Cingular's GSM network. GSM has the benefit of being the global standard for interconnected mobile voice service. Cingular's customers have the advantage of picking from an unprecedented selection of handsets and devices to meet their needs. In addition, Cingular's customers are able to enjoy the largest international coverage of any U.S. carrier, giving customers the ability to make calls in 170 countries on six continents, with wireless data roaming in over 80 countries for laptops, PDAs, and other data services. Further, Cingular is launching

high speed data service for its customers. Customers in Oregon are already able to enjoy Cingular's EDGE data network which provides average downlink data speeds of 70 to 135 kbps. Additionally, Cingular is currently in the process of transition its EDGE data network to the Universal Mobile Telecommunications System ("UMTS") with High Speed Downlink Packet Access ("HSDPA") which provides average downlink speeds of 400 to 700 kbps. UMTS/HSDPA has already launched in the Portland area and Cingular has plans to continue its deployment. Although data is not a supported service, and Cingular will not use universal service funds for data deployment, the availability of mobile data services on Cingular's network is a public interest benefit to subscribers of Cingular's universal service offering.

B. Use of Support for the Preservation and Advancement of Universal Service

Once designated, Cingular commits to use the support it receives for network expenditures for the provision, maintenance, and upgrading of its facilities and services within the designated area. Upon receipt of ETC designation in Oregon, Cingular will use the support it receives to improve its infrastructure in rural, high-cost, and insular areas. Cingular has evaluated the projected levels of support and areas where coverage or service could be improved. As described above, included as Confidential Exhibit G is Cingular's comprehensive five (5) year plan, showing anticipated new cell sites and improvements to existing sites. Cingular takes seriously the service responsibility that comes with ETC designation and will use the support it receives to help fulfill this responsibility.

C. State and Federal Precedent

Designation of Cingular as an ETC is consistent with ETC decisions across the country, including the decisions of this Commission. Numerous state commissions have repeatedly found that designating wireless carriers as ETCs is in the public interest. For example, in its decision

designating *AT&T Wireless* as an ETC, the Washington Utilities and Transportation Commission stated, “Designating AWS as an ETC furthers the public interest because consumers will receive benefits from increased competition in the form of a greater variety of services and more comparability of services, compared to more urban areas. Rural customers also benefit because they, rather than the government, will choose which services meet their telecommunications needs.”²³ This Commission has similarly concluded that designating wireless carriers as ETCs in rural incumbent local exchange carrier territories is in the public interest.²⁴

D. Cream-Skimming Analysis

Since Cingular is seeking designation for entire wire centers in non-rural ILEC areas and entire study areas in rural ILEC areas, the Commission does not need to perform a cream-skimming analysis.

V. ANNUAL RECERTIFICATION PROCESS

Cingular recognizes that there is currently an open rulemaking to determine, among other things, the annual certification requirements for ETCs.²⁵ Cingular commits to complying with the annual certification requirements that result from the rulemaking. In the absence of the conclusion of the pending rulemaking, Cingular will agree to file the extensive reports that have been agreed to by previous competitive ETC applicants.²⁶ In particular, Cingular agrees to file the following reports:

²³ AT&T Wireless, Order Granting Petition for Designation as an Eligible Telecommunications Carrier, Docket No. UT-043011(April 13, 2004), ¶40. After AT&T Wireless merged with Cingular this designation was amended to reflect the change in legal entities, *see* Order No. 2, April 29, 2005.

Application for Designation as an Eligible Telecommunications Carrier, Pursuant to the Telecommunications Act of 1996*, Docket UM 1083, Order No. 04-355 (2004), (“*RCC ETC Order*”); *see also, In the Matter of United States Cellular Corporation Application for Designation as an Eligible Telecommunications Carrier, Pursuant to the Telecommunications Act of 1996*, Docket UM 1084, Order No. 04-356 (2004) (“*USCC ETC Order*”); *see also, Edge ETC Order*.

1. Line counts for federal USF supported services, itemized by ILEC wire center, as of December 31st of the preceding year;
2. The amount of federal USF support Cingular received for operations in Oregon during the period of January 1 through December 31 of the preceding year;
3. A description of how the federal USF support was used in the previous year with the information segregated by asset or expense type and the wire center (or rural study area) where the support was used;
4. An estimate of federal USF support to be received during the current calendar year and any updates that are needed to the previously filed five year plan;
5. Documentation establishing that Cingular advertised the supported services throughout the entire designated area;
6. As to requests for service coming from areas within Cingular's ETC designated area, but outside its existing coverage, a report listing the number of requests and, for requests where service was not provided, the reason(s) services was not provided;
7. A description of actions taken to enhance wireless internet service throughout the ETC area in the past year and plans to enhance such service in the future.

As stated above, Cingular also agrees to fulfill any new or additional reporting requirements adopted by the Commission in its pending rulemaking, including those recently adopted by the FCC in its *ETC Report and Order*.

VI. HIGH-COST CERTIFICATION

Under FCC Rule Sections 54.313 and 54.314, carriers wishing to obtain high-cost support must either be certified by the appropriate state commission or, where the state commission does not exercise jurisdiction, must self-certify with the FCC and the Universal Services Administrative Corporation ("USAC") their compliance with Section 254(e). Cingular submits its high-costs certification as Exhibit C. Cingular requests that the Commission issue a finding that Cingular has met the high-cost certification requirement and that Cingular is, therefore, entitled to begin receiving high-cost support as of the date it receives a grant of ETC status from the Oregon Commission.

VII. LEGAL AUTHORITY

The Commission has the legal authority to grant the relief requested by the Applicant pursuant to 47 U.S.C. §214(e)(2); 47 C.F.R § 54.201; *see also, In the Matter of Applications to be Designated Eligible Telecommunications Carriers in the State of Oregon*, Commission Order No. 97-481, Docket UM 873, entered December 16, 1997; *see also RCC ETC Order UM 1083; see also USCC ETC Order, UM 1084; see also Edge ETC Order, UM 1177.*

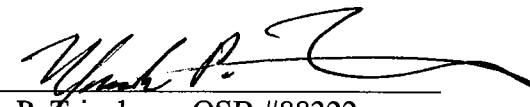

VIII. RELIEF REQUESTED

For the reasons set forth above, and pursuant to Section 214(e)(2) of the Act, Cingular requests that the Commission enter an Order designating Cingular as an ETC for the areas described herein and that the Commission enter this Order at the earliest possible date.

Dated the 7th day of March, 2006.

Cingular GSM handset required on Cingular FamilyTalk GSM plans.

Your phone's display does not indicate the rate you will be charged. Please review your coverage map for areas included in and out of plan. Map depicts an approximation of outdoor coverage. Map may include areas served by unaffiliated carriers and may depict their licensed area rather than an approximation of the coverage there. Actual coverage area may differ substantially from map graphics, and coverage may be affected by such things as terrain, weather, foliage, buildings and other construction, signal strength, customer equipment and other factors. Cingular does not guarantee coverage. Charges will be based on the location of the site receiving and transmitting the call, not the location of the subscriber. Future Coverage, as depicted above, is based on current planning assumptions but is subject to change and may not be relied upon.

Plan Terms

Terms Applicable to Cingular FamilyTalk Plans: GSM dual-band handset required. Wireless service is subject to credit approval. An early termination fee of \$175 applies. Some dealers impose additional fees. If phone is returned within 3 days, activation fee will be refunded. If phone is returned within 30 days in like-new condition with all components, early termination fee will be waived. All other charges apply. Minutes will be depleted according to usage in the following order: Night and Weekend Minutes, Mobile to Mobile Minutes, Anytime Minutes and Rollover Minutes. Minute Increment Billing and Usage: Airtime and other measured usage are billed in full-minute increments, and actual airtime and usage are rounded up to the next full increment at the end of each call for billing purposes. Cingular charges a full-minute increment of usage for every fraction of the last minute used on each wireless call. Calls placed on networks served by other carriers may take longer to be processed, and billing for these calls may be delayed. Those minutes will be applied against your wireless monthly minutes in the month in which the calls appear on your bill. Unanswered outgoing calls of 30 seconds or longer incur airtime. Pricing/Taxes/No Proration: Final month's charges are not prorated. Prices are subject to change. Prices do not include taxes. Activation Fees: \$36 Activation Fee for each new primary line, \$18 Activation Fee applies on each additional FamilyTalk line. Cingular does not guarantee availability of the network. Nights and Weekends: Nights are 9:00 p.m. to 6:00 a.m. Weekends are 9:00 p.m. to 6:00 a.m. Monday based on time of day at switch providing your service). Included long distance calls can be made from the 50 United States, Puerto Rico and U.S. Virgin Islands to the 50 United States, Puerto Rico, U.S. Virgin Islands, Guam and Northern Mariana Islands. Roaming charges do not apply when roaming within the service area of land-based networks of the 50 United States, Puerto Rico and U.S. Virgin Islands. If you go to Guam and Northern Mariana Islands, you are roaming). International long distance rates vary. Additional charges apply to services used outside the land borders of the U.S. and the included territories. Cingular reserves the right to terminate your service if less than 50% of your usage over three consecutive billing cycles is on Cingular-owned systems. Customer must (1) use a Cingular GSM dual-band handset programmed with Cingular's preferred roaming database, (2) have a mailing address and live in the immediate geographic area in which subscription is made. Caller ID Blocking: Your billing name may be displayed along with your wireless number on outbound calls to other wireless and landline phones with Caller ID capability. Contact customer service for information on blocking the display of your name and number. You may be charged for both an incoming and an outgoing call when incoming calls are routed to voicemail, even if no message is left. In the event that the conditions of the Plan as described above are violated, Cingular may move subscriber to another calling plan or terminate customer's service. Additional Terms and Conditions apply. See Wireless Service Agreement for additional conditions and restrictions. Rollover Minutes: Rollover Minutes accumulate and expire through 12 rolling bill periods. Bill Period 1 (activation) unused Anytime Minutes will not carry over. Bill Period 2 unused Anytime Minutes will begin to carry over. Rollover Minutes accumulated starting with Bill Period 2 will expire each bill period as they reach a 12 bill period age. Rollover Minutes will also expire immediately upon default or if customer changes to a non-rollover plan. If you change from one rollover plan to another rollover plan, any accumulated Rollover Minutes in excess of the new plan's number of monthly Anytime Minutes will expire upon such change. If you migrate a single line to a FamilyTalk plan, or should a subscriber join a FamilyTalk plan for which your line is the primary line, any accumulated Rollover Minutes will be redeemable for cash or credit and are not transferable. Night and Weekend and Mobile to Mobile Minutes do not carry over. FamilyTalk: FamilyTalk may require up to a two-year service agreement for each line. FamilyTalk plans include only package minutes included with the primary number, and minutes are shared by the additional lines. The rate shown for additional minutes applies to all minutes in excess of the Anytime Minutes. FamilyTalk requires two lines. If the rate plan for the primary number is changed to an ineligible plan or the primary number is disconnected, one of the existing additional lines shall become the primary number on the rate plan previously subscribed to by the former primary number; if only one line remains it shall be converted to the closest single line rate. Mobile to Mobile Minutes: Mobile to Mobile Minutes may be used when directly dialing or receiving calls from any other Cingular phone number from within your calling area. Mobile to Mobile Minutes may not be used for interconnection to other networks. VoiceDial: Regular airtime charges apply. Mobile to Mobile Minutes do not apply. Calls to 911, 411, 611, 711 and international dialing cannot be completed with VoiceDial Services. Caller ID cannot be blocked. Caller ID will be delivered on all calls, even if you have permanently blocked your name and number. To terminate VoiceDial Services without incurring charges, dial 611 from your wireless phone within the 30-day trial period.

Terms Applicable to Features: Certain features will not be available in all areas at all times. See applicable brochure or visit www.cingular.com for terms applicable to features including Voicemail, Enhanced Voicemail, Roadside Assistance Service provided by Aurtion (see Roadside Assistance welcome letter and/or brochures for full terms and conditions), Text/Instant Messaging, Directory Assistance, FamilyTalk, Mobile to Mobile Calling and Media Net. Regular per-minute airtime rates and other charges apply for calls when included features are used. The Wireless Phone Insurance is underwritten by Continental Casualty Company, a CNA company (CNA), and administered by lockline, LLC (lockline Insurance Agency, LLC CA Lic#FD63161). A licensed agent of CNA. May not be available in all states. A \$50 non-refundable deductible per approved insurance replacement applies. See a Wireless Phone Insurance brochure for complete terms and conditions on coverage, available at any participating Cingular Wireless locations or www.cingular.com. Eligibility varies by device. Push to Talk: Push to Talk capable phone required. Usage-sensitive Push to Talk plans are billed in full-minute increments. Cingular charges a full minute for every fraction of the last minute used. Chargeable time may include approximately thirty seconds of additional usage after the last person in a Push to Talk conversation has released the talk button. Push to Talk usage is incurred for unanswered calls if you are active on the Push to Talk system. You may remain logged in to the Push to Talk system if you roam out of coverage area. Push to Talk service is available only between Cingular Push to Talk subscribers. Messages left for Push to Talk subscribers who do not have an active voice mail account are discarded without notice. Tone Club: Your direct bill will be changed every 30 days and, at the same time, credits will be added to your account which can be used to buy ringtones and graphics through Media Mall. Music, Voice Tones, Sound Effects and Polyphonic Ringtones are 1 credit. Unused credits expire at the end of each 30-day period. The 30-day period is not necessarily equivalent to a calendar month end or the billing cycle. Your enrollment gives you the option to receive Text Messages each week with music, trivia, news and more. Cancel your Tone Club subscription anytime by sending STOP to 7225. See terms and conditions at www.cingular.com/media/terms. Answer Tones: Answer Tone service requires GSM service on an eligible post-paid voice plan in select markets. Price per Answer Tone is \$1.99 per tone and will expire after 365 days. In addition, there is a monthly service subscription of 99¢ regardless of the number of Answer Tones (if any) you order. Taxes may apply. Charges for Answer Tones ordered are additional to the monthly service fee. Cingular reserves the right to "take down" any content at any time, making it unavailable to all subscribers. Cingular also reserves the right to remove any voice introductions at its sole discretion. Please see additional terms and conditions at www.cingular.com/answertones. More bars claim is aspirational reflecting Cingular's commitment to continue to improve its network. © 2006 Cingular Wireless, LLC. All rights reserved. Revised 2/5/2006.

Plan Terms

Terms Applicable to Cingular Nation GSM Plans: GSM dual-band handset required. **Wireless service is subject to credit approval.** An early termination fee of \$175 applies. Some dealers impose additional fees. If termination is returned within 3 days, activation fee will be refunded. If phone is returned within 30 days in like-new condition with all components, early termination fee will be waived. All other charges apply. Minutes will be depleted according to usage in the following order: Night and Weekend Minutes, Mobile to Mobile Minutes, Anytime Minutes and Rollover Minutes. **Minutes Increment Billing and Usage:** Airtime and other measured usage are billed in full-minute increments, and actual airtime and usage are rounded up to the next full increment at the end of each call for billing purposes. Cingular charges a full-minute increment of usage for every fraction of the last minute used on each wireless call. Calls placed on networks served by other carriers may take longer to be processed, and billing for these calls may be delayed. Those minutes will be applied against your anytime monthly minutes in the month in which the calls appear on your bill. Unanswered outgoing calls of 30 seconds or longer incur airtime. **Pricing/Taxes/No Proration:** Final month's charges are not prorated. Prices are subject to change. Prices do not include taxes. **Activation Fees: \$36** Activation Fee for each new line. Cingular does not guarantee availability of the network. **Nights and Weekends:** Nights are 9:00 p.m. to 6:00 a.m. Weekends are 9:00 p.m. Friday to 6:00 a.m. Monday (based on time of day at switch providing your service). Included long distance calls can be made from the 50 United States, Puerto Rico and U.S. Virgin Islands to the 50 United States, Puerto Rico, U.S. Virgin Islands, Guam and Northern Mariana Islands. Roaming charges do not apply when roaming within the service area of land-based networks of the 50 United States, Puerto Rico and U.S. Virgin Islands (if you go to Guam and Northern Mariana Islands, you are roaming). International long distance rates vary. Additional charges apply to services used outside the land borders of the U.S. and the included territories. Cingular reserves the right to terminate your service if less than 50% of your usage over three consecutive billing cycles is on Cingular-owned systems. Customer must (1) use a Cingular GSM dual-band handset programmed with Cingular's preferred roaming database; (2) have a mailing address and live in the immediate geographic area in which subscription is made. **Caller ID Blocking:** Your billing name may be displayed along with your wireless number on outbound calls to other wireless and landline phones with Caller ID capability. Contact customer service for information on blocking the display of your name and number. You may be charged for both an incoming and an outgoing call when incoming calls are routed to voicemail, even if no message is left. In the event that the conditions of the Plan as described above are violated, Cingular may move subscriber to another calling plan or terminate customer's service. **Additional Terms and Conditions apply.** See Wireless Service Agreement for additional conditions and restrictions. **Rollover Minutes:** Rollover Minutes accumulate and expire through 12 rolling bill periods. Bill Period 1 (activation) unused Anytime Minutes will not carry over. Bill Period 2 unused Anytime Minutes will begin to carry over. Rollover Minutes accumulated starting with Bill Period 2 will expire each bill period as they reach a 12 bill period age. Rollover Minutes will also expire immediately upon default or if customer changes to a non-Rollover plan. If you change from one rollover plan to another rollover plan, any accumulated Rollover Minutes in excess of the new plan's number of monthly Anytime Minutes will expire upon such change. If you migrate a single line to a Family talk plan, or should a subscriber join a Family talk plan for which your line is the primary line, any accumulated Rollover Minutes for all lines included in the new Family talk group's Rollover Minutes in excess of the monthly Anytime Minutes for such group shall expire upon such change. Rollover Minutes are not redeemable for cash or credit and are not transferable. Night and Weekend and Mobile to Mobile Minutes do not carry over. **Mobile to Mobile Minutes:** Mobile to Mobile Minutes may be used when directly dialing or receiving calls from any other Cingular phone number from within your calling area. Mobile to Mobile Minutes may not be used for interconnection to other networks. **VoiceDial:** Regular airtime charges apply. Mobile to Mobile Minutes do not apply. Calls to 911, 411, 611, 711 and international dialing cannot be completed with VoiceDial Services. Caller ID cannot be blocked. Caller ID will be delivered on all calls, even if you have permanently blocked your name and number. To terminate VoiceDial Services without incurring charges, dial 611 from your wireless phone within the 30-day trial period.

Terms Applicable to Features: Certain features will not be available in all areas at all times. See applicable brochure or visit www.cingular.com for terms applicable to features including Voicemail, Enhanced Voicemail, Roadside Assistance Service provided by Asurion (see Roadside Assistance welcome letter and/or brochures for full terms and conditions), Text/Instant Messaging, Directory Assistance, Mobile to Mobile Calling and Media Net. Regular per-minute airtime rates and other charges apply for calls when included features are used. The Wireless Phone Insurance is underwritten by Continental Casualty Company, a CNA company (CNA), and administered by lockline, LLC (lockline Insurance Agency, LLC CA Lic#0D63161), a licensed agent of CNA. May not be available in all states. A \$50 non-refundable deductible per approved insurance replacement applies. See a Wireless Phone Insurance brochure for complete terms and conditions on coverage, available at any participating Cingular Wireless locations or www.cingular.com. Eligibility varies by device. **Push to Talk:** Push to Talk capable phone required. Usage-sensitive Push to Talk plans are billed in full-minute increments. Cingular charges a full minute for every fraction of the last minute used. Changeable time may include approximately thirty seconds of additional usage after the last person in a Push to Talk conversation has released the talk button. Push to Talk usage is incurred for unanswered calls if you are active on the Push to Talk system. You may remain logged in to the Push to Talk system if you roam out of coverage area. Push to Talk service is available only between Cingular Push to Talk subscribers. Messages left for Push to Talk subscribers who do not have an active voice mail account are discarded without notice. **Tone Club:** Your direct bill will be charged every 30 days and, at the same time, credits will be added to your account which can be used to buy ringtones and graphics through Media Mail, Music, Voice Tones, Sound Effects and Polyphonic Ringtones are 1 credit. Unused credits expire at the end of each 30-day period. The 30-day period is not necessarily equivalent to a calendar month end or the billing cycle. Your enrollment gives you the option to receive Text Messages each week with music, trivia, news and more. Cancel your Tone Club subscription anytime by sending STOP to 7225. See terms and conditions at www.cingular.com/media/terms. **Answer Tones:** Answer Tone service requires GSM service on an eligible post-paid voice plan in select markets. Price per Answer Tone is \$1.99 per tone and will expire after 365 days. In addition, there is a monthly service subscription of 99¢ regardless of the number of Answer Tones (if any) you order. Taxes may apply. Charges for Answer Tones ordered are additional to the monthly service fee. Cingular reserves the right to "take down" any content at any time, making it unavailable to all subscribers. Cingular also reserves the right to remove any voice introductions at its sole discretion. Please see additional terms and conditions at www.cingular.com/answertones. More bars claim is aspirational reflecting Cingular's commitment to continue to improve its network. © 2006 Cingular Wireless, LLC. All rights reserved. Revised 2/5/2006.

Lifeline

Lifeline offers you a discount on your monthly wireless bill if you qualify.

Save money with Lifeline

Lifeline service is just \$24.99 a month, which is then discounted to just \$12.49 a month if you qualify. That's available in your area. Right now, you can save as much as \$8.22 each month with federal Lifeline discounting, and even more if you qualify for additional Lifeline discounts from your state.

If you live on Tribal Lands and qualify, you could get Enhanced Lifeline support, which can reduce your wireless bill to as little as \$1.

Qualifying for Lifeline

Requirements vary by state. If you live in a state that doesn't offer state Lifeline support, you may qualify for federal Lifeline benefits if your household income is at or below 135% of the Federal Poverty Guidelines (FPG), or you participate in any of these programs:

- Medicaid
 - Food Stamps
 - Supplemental Security Income (SSI)
 - Federal Public Housing Assistance (FPHA) (Section 8)
 - Low-Income Home Energy Assistance (LIHEAP)
 - National School Lunch Free Lunch Program (NSLP)
 - Temporary Assistance for Needy Families (TANF)
- Customers seeking to qualify for program benefits under the income-based standards are required to provide written documentation of their household income.
- If you live on Tribal Lands, you could also qualify for Enhanced Lifeline support if you meet the above requirements or participate in any of these programs:
- Bureau of Indian Affairs (BIA) general assistance
 - Tribal Administration Temporary Assistance for Needy Families (TANF)
 - Tribal Administered School Lunch Free Lunch Program (Tribal NSLP)
 - Tribal Administered Head Start (meeting income qualify standards)

If you live in a state that offers state Lifeline support, you may be able to qualify for Enhanced Lifeline support. Lifeline support is available at engage.com/lifeline or by calling 1-800-377-9450.

Please note: It's up to you to let us know if and when you stop qualifying for program benefits. At that time, you'll stop receiving them.

Program Restrictions

You are eligible for Lifeline support on one phone line per household. The Lifeline discount will be applied to your bill. You can get Link Up benefits only once at the address. Those benefits can only be applied toward your Activation Fee, never toward your purchase of equipment. Finally, you can't apply your Link Up benefits to any activation charges you paid prior to signing up for the Lifeline and Link Up programs.

Signing Up

Just complete the Lifeline and Link Up Application form and certify that you participate in a qualifying government program or otherwise meet the eligibility standards. Mail the completed application to:

Cingular Wireless
ATTN: Contract Services
P.O. Box 12742
Scottsdale, AZ 85267-2726

If you cannot access the application form from our website, the application form and an application will be mailed to you.

Applications that are not completely filled out, legible and signed will be returned.
