RE: Portland General Electric Docket No. ADV 1112/Advice No. 20-09 Public Hearing and Commissioner Work Session on Schedule 136 Oregon Community Solar Cost Recovery Mechanism Update

Dear Chair Decker,

We write in support of PGE's proposal to update its schedule 136 Oregon Community Solar Cost Recovery mechanism. Community solar presents an exciting opportunity to expand renewable energy options in our community, and we agree with others that this proposal would help distribute the costs of the program more equitably among all of PGE's customers.

The community solar program will be a part of our community environmental sustainability action plan going forward, and we look forward to working with PGE on a future community solar project. We support your approval of the schedule 136 update.

Sincerely,
