RECOMMENDATION: APPROVE AMENDMENTS

On November 1, 2005, Wintel Telecommunications, Inc. and Qwest Corporation (Qwest) filed the sixteenth and seventeenth amendments to the interconnection agreement previously approved by the Public Utility Commission of Oregon (Commission). The parties seek approval of this amendment under Section 252(e) of the Telecommunications Act of 1996. The Commission provided notice by posting an electronic copy of the amendment on the World Wide Web, at: <http://www.puc.state.or.us/caragmnt/>. The Commission Staff (Staff) offers these comments.

Under the Act, the Commission must approve or reject an agreement or amendment thereto reached through voluntary negotiation within 90 days of filing. The Commission may reject an agreement or amendment only if it finds that:

- (1) the agreement (or portion thereof) discriminates against a telecommunications carrier not a party to the agreement; or
- (2) the implementation of such agreement or portion thereof is not consistent with the public interest, convenience, and necessity.

Staff notes that an interconnection agreement or amendment thereto has no effect or force until approved by a state Commission. See 47 U.S.C. Sections 252 (a) and (e). Accordingly, Staff points out that the effective date of this filing will be the date the Commission signs an order approving it, and that any provision stating that the parties' agreement is effective prior to that date is not enforceable.

Staff recommends approval of the amendment. Staff concludes that the amendment does not appear to discriminate against telecommunications carriers who are not parties to the agreement and do not appear to be inconsistent with the public interest, convenience, and necessity.

Dated at Salem, this 22nd day of November, 2005.
