RE: UM 1158 – Comments of Portland General Electric Company on Staff's Recommendation on the Proposed 2014 Performance Measures for the Energy Trust of Oregon

PGE appreciates the opportunity to comment on the Energy Trust performance metrics. First, PGE would like to again express its support for revised energy savings metrics developed in 2013. We are appreciative of the simplified format and the process that brought all parties to this agreement. In addition, PGE is in support of other metrics listed in the Staff memo.

PGE does have one observation and suggestion. The Energy Trust, to its credit, has consistently spent a fraction of Staff's 9% goal for Administrative and Program Support expenses; the approved 2014 budget allocates about 4% of total expenditures in this area. The distance between metric and actual is so far that it may not serve Staff's purpose in providing an early indicator of a need for The OPUC to intervene. We recommend Staff move the performance metric for Administrative and Program Support closer to actual experience.

If you have any questions or require further information, please call me at (503) 464-8718. Please direct all formal correspondence and responses to the following email address: pge.opuc.filings@pgn.com.

Sincerely,

A handwritten signature in blue ink that reads "Karla Wenzel". The signature is written in a cursive, flowing style.
