Greetings Joseph,

Please add the City of Pendleton to the service list. We have direct interest in Buckaroo Solar 1, LLC as it relates our ability to have the project forward with Pacific Power.

We have an Oregon Department of Energy Community Renewable Energy Program (ODOE C-REP) project for resilient battery storage at Buckaroo Solar 1. We also have interest as a customer of Buckaroo Solar 1; whereby, we would receive about \$200,000 over 20-years associated to the project coming on-line.

For the resiliency battery project, it would provide back-up power for our essential facility, the water filtration plant. We want our ODOE C-REP project to be successful, as we have a \$850,000 grant attached to the success of Buckaroo Solar 1 moving forward.

For the City of Pendleton, our contact would be:

Nancy Kerns, City Attorney
500 SW Dorion Avenue
Pendleton, Oregon 97801
Nancy.Kerns@pendletonor.gov

Please let me know if any additional information is needed.

Cheers,
Bob
