**Subject:** rate increase for avion water bend oregon  
**Date:** Tuesday, August 30, 2022 8:23:36 PM  
**Importance:** High

---

No rate increase should be granted, especially noting that Nottingham Square residents would be paying \$20 more monthly for irrigation water than any other Avion customer. Our water prices are already outrageous, and irrigation is only granted twice a week for one half hour. We of course realize we are in drought circumstances, but charging us more for less is morally and ethically not responsible.
