Subject: Water Rate Change for Nottingham Square customer - UW 193
Date: Tuesday, August 30, 2022 9:33:32 AM
Attachments: [Original Avion Customer Notice.pdf](#)

As a Avion customer, I feel that these water rate changes come at time when so many like our family is limited by a fixed income. This year the cost of basic needs continue to soar and our water use is being diminished.

There should be compromise with respect of those being served, by not watering every day, to once to twice a week, there by saving water for all your users.

We know the service Avion provides is important to all, but raise the question of what more are you intending to provide for your additional cost?

Daniel
