Hello Cheryl

After a review of the training and outreach provided by the OUNC and Kinder Morgan, Centerline Ag services has met the training requirements of OPUC Order 16-062. The email correspondence regarding OUNC training compliance for the defendant filed by Kitty Davis on 3/18 is sufficient for both trainings.

No further action is required.

As you and I discussed, when we stipulate a safety presentation by a facility operator such as Kinder Morgan, we will include them on the service list so they can keep tabs on updates as well. OUNC training compliance emails will still come from Kitty Davis.

If you have any questions, please give me a call.

Thank you,
