---

Cheryl

I talked to Chris Fuhrer owner of Eagle Eye Concrete, and he said him and his employees took the OUNC training on 8/16/18 and mailed the Training Verification form to our office the same day. I contacted the OUNC and verified that Aric Skinner with NWN provided training on August 26, 2018, for Eagle Eye Concrete employees; Chris Fuhrer, Mathew Pierson, Phil Egan, Kyle Vidrine, Mike Brandon.

Apparently the Training Verification form was lost in the mail. Please use this email as verification that training for Eagle Eye Concrete (NC 382) has been completed.

Thank you
