Important Notice to Frontier Customers: Frontier Has Expanded the Local Toll-Free Calling Area

On October 2, 2004, Citizens Telecommunications Company of Oregon, d/b/a Frontier Communications of Oregon ("Frontier"), expanded the Cave Junction (592) local toll-free calling area into a Southern Oregon EAS (Extended Area Service) Region. The expanded local toll-free calling area enables Cave Junction customers to dial any of the exchanges in the new Southern Oregon EAS Region without being billed at long distance (toll) rates.

The new Southern Oregon EAS Region consists of 18 exchanges, which are Medford, Grants Pass, Ashland, Rogue River, Gold Hill, Jacksonville, Central Point, Murphy-Provolet, Shady Cove, Phoenix/Talent, Prospect, Butte Falls, White City, Glendale, Selma, Cave Junction, Wolf Creek and O'Brien. A map for reference purposes is included on pages 3 and 4.

YOU STILL HAVE CHOICES

Customers have the option of selecting Flat Rate EAS service and receiving unlimited EAS calling within the new Region, or selecting Measured Rate EAS service, and paying a per-minute rate for EAS calling within the new Region.

Cave Junction customers may select a Flat Rate or Measured Rate EAS option. Effective October 2, 2004, the monthly Flat Rate EAS option increased from \$1.94 to \$3.37 for residential customers and from \$3.88 to \$6.74 for business customers. The per-minute Measured Rate option remains at \$0.06 per minute.

The new Flat Rate Option rates are reflected on the next page.

FLAT RATE OPTION:

CAVE JUNCTION	Residence	Business
New Flat EAS Rate	\$3.37	\$6.74

MEASURED RATE OPTION:

Consider the Measured Rate option. You do have choices. The Measured Rate is in addition to the local service rate and remains at six cents (\$0.06) per minute for all EAS calls. The Measured Rate option is usually the preferred option for customers making few, or no, calls within the new region. If you are not sure which option you currently have, feel free to call Customer Service at 1-800-921-8101 for residence, or 1-800-921-8102 for business, and a representative will be happy to assist you.

HOW TO DETERMINE IF FLAT RATE IS RIGHT FOR YOU:

Residence customers benefit from the \$3.37 flat rate if interexchange calling within the new Southern Oregon EAS Region exceeds an average of 56 minutes per month, or approximately 1 hour. Business customers benefit from the \$6.74 flat rate if interexchange calling within the new Region exceeds an average of 112 minutes per month, or 1.9 hours.

The following are two methods to help you determine which option is best for you.

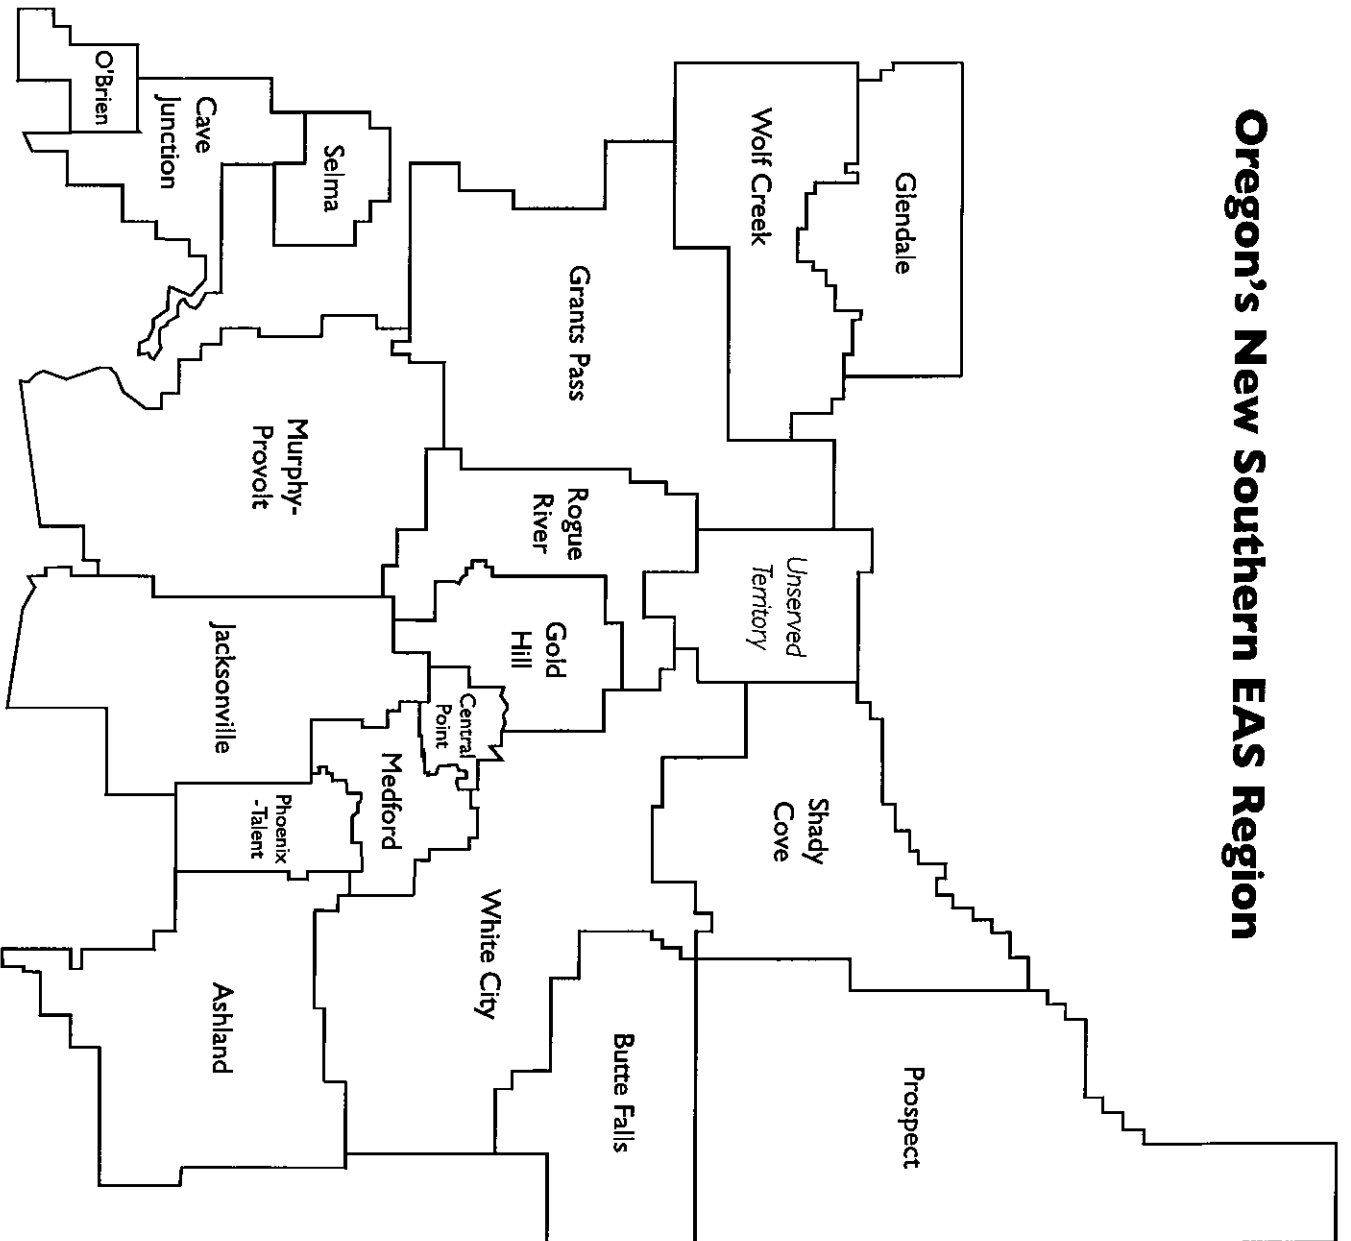

- Select one of the two services, and, if your choice differs from your existing option, contact Frontier to change your selection. Compare your bill received after you've switched to see if your choice seems best for you. If you have doubts or concerns, contact Frontier to switch to the other option. You may continue to switch between options at no charge until June 2, 2005.
- Use the worksheet on page 5 to keep track of your minutes called to the 18 EAS locations. After one month, add the minutes recorded for the month and if they exceed 56 minutes (1 hour) for residence or 112 minutes (1.9 hours) for business, the flat rate may be the best option for you.
