- 9.3. Certification of Emergency Functionality and Compliance with Service Quality/Consumer Protection Measures – **All ETCs**

Report #1 – Supported Services Offerings

1.1. Basic Local Usage Service Offerings – All ETCs

Choose either A. or B. below, as applicable:

A. Basic local usage service offerings are filed under tariff with the Oregon PUC. The specific tariff references (with *company name, tariff number, section and page numbers*) for the basic local usage offerings and corresponding rates are:

1. residence:

See Attached Report 1.1 (sheets 1-6)

2. business:

See Attached Report 1.1 (sheets 1-6)

B. Basic local usage service offerings are **not** filed under tariff with the Oregon PUC. Submit the following information for each basic service offering that includes local usage allowances (unlimited or limited): 1) plan's name, 2) advertised public description, 3) number of local minutes included, 4) calling area included, and 5) rates and charges. Include basic offerings for both residence and business services.

1.2. Comparable Local Usage Plan – CETCs only

The carrier certifies that it offers at least one basic local usage plan that is comparable to those offered by the ILECs in its designated service area: yes _____ no _____

Identify which of the plans in 1.1.B above are "comparable" to the ILEC local usage offerings, and explain the basis for the comparability. _____

1.3. Supported Services Not Provided – CETCs only

Identify any supported services that were not available at designation, but were to be provided as a condition of ETC designation (e.g., toll restriction for qualifying low-income consumers, E911): _____

Are these services provided currently? yes _____ no _____

If no, explain why not: _____

1.4. Equal Access Acknowledgement – CETCs only

The carrier acknowledges that it may be required to provide equal access if it is the only remaining ETC in an area: yes _____ no _____

Report #2 – Unfulfilled Service Requests

2.1. Unfulfilled Service Requests/Held Orders – All ETCs

Choose **either A. or B.** below, as applicable:

- A. Service quality reports for “primary held orders over 30 days” were filed with the Oregon PUC for calendar year 2006. No additional submission is required for recertification purposes.
- B. Service quality reports for “primary held orders over 30 days” were **not** filed with the Oregon PUC for calendar year 2006. In this case, choose **one** of the following alternatives for reporting:
1. The number of customer requests for supported services that were not fulfilled during calendar year 2006: _____.
If greater than zero, include an attachment noting for each such request, the location (address) of the request and a description of attempts to provide service.
 2. The number of “primary held orders over 30 days” (as defined in Section 860-034-0390 of the Oregon Commission rules) for calendar year 2006: _____.
If greater than zero, include attachment noting for each such held order, the reason the order was held and the original commitment date.

2.2. Service Request Processing - CETCs only

Submit a description of how the carrier ensures that every request for service that cannot be immediately fulfilled is recorded and processed under the 6-step process set forth in 47 CFR Section 54.202(a)(1)(i).

**Report #3 – Evidence of Advertising for Basic Supported Services
(excluding low-income/lifeline) – All ETCs**

Describe how basic supported services were advertised during calendar year 2006 throughout the designated service area. List the types of media used, advertising frequencies and geographic coverage. Attach examples of actual advertisements, noting dates, specific distribution methods, and target geographical populations, sufficient to demonstrate that basic supported services and rates were advertised **throughout** the designated service area in 2006.

See Attached: Report 3 (sheet 1 of 1)

Report #4 – Low-income Services – All ETCs

4.1. Number of Lifeline Customers – All ETCs

The total number of customers receiving Lifeline discounts during the month of December 2006 in the designated service area: 5 .

CETCs only - also list counts by ILEC service area as follows:

<u>ILEC Svc Area</u>	<u>No. of Lifeline customers</u>
_____	_____
_____	_____
_____	_____
_____	_____
_____	_____
_____	_____
_____	_____

4.2. Advertising of Low-Income Program Service Offerings – All ETCs

Submit copies of all advertisements (for all media) for Lifeline, LinkUp, and OTAP service offerings that were run during calendar year 2006, noting media (newspaper name, radio station, bill inserts, internet postings, etc.), run/distribution dates, and geographic coverage area.

See Attached: Report 4.2 (sheet 1-2)

Report #5 – Outage Report – All ETCs

Choose either A. or B. below, as applicable:

A. Carrier was required to report service outages (as defined in Oregon PUC Rules at Sections 860-034-0390(9) for small telecom utilities, 860-023-0055(9) for large telecom utilities, and 860-032-0012(9) for competitive telecom providers) to the Oregon PUC during year 2006. No additional submission is required for recertification purposes.

B. Carrier was *not* required to report service outages (as defined in Oregon PUC Rules at Sections 860-034-0390(9) for small telecom utilities, 860-023-0055(9) for large telecom utilities, and 860-032-0012(9) for competitive telecom providers) to the Oregon PUC during year 2006. Select #1 (wireline carriers) or #2 (wireless carriers) below.

1. The number of service outages, as defined in Oregon PUC rules, that occurred during calendar year 2006 was _____.

If the number was greater than zero, attach a report that lists for each such outage the following: the date and time of onset, a brief description of the outage and its resolution, the particular services affected, the geographic areas affected, steps taken to prevent a similar future occurrence, and the number of customers affected.

2. The number of service outages, as defined in FCC rules at 47 CFR Section 54.209(a)(2), that occurred during calendar year 2006 was _____.

If the number was greater than zero, attach a report that lists for each such outage the following: the date and time of onset, a brief description of the outage and its resolution, the particular services affected, the geographic areas affected, steps taken to prevent a similar future occurrence, and the number of customers affected.

Report #6 – Trouble Report – All ETCs

Choose either A. or B. below, as appropriate:

A. X Trouble reports were filed with the Oregon PUC for calendar year 2006 per Oregon PUC service quality rules. No additional submission is required for recertification purposes.

B. _____ Trouble reports were **not** filed with the Oregon PUC during calendar year 2006. In this case, choose **one** of the following alternatives for reporting:

1. _____ The number of customer trouble reports received per 100 wireless handsets for supported services during calendar year 2006, for each company switch.

<u>Trouble Type</u>	<u>Switch A (location)</u>	<u>Switch B (location)</u>
No service	_____	_____
Network busy	_____	_____
Interruption of service	_____	_____
Poor reception	_____	_____

2. _____ The number of customer trouble reports, as defined in Section 860-034-0390 (5) of the Oregon PUC rules, received during calendar year 2006: _____ per 100 working access lines.

Report #7 – Network Improvement Plan – CETCs Only

The following detailed information must be included in each network improvement plan. Only CETCs must file these plans for recertification purposes. CETCs that receive *only* low-income program support (no high-cost or access-related support), do not have to file network improvement plans. CETCs are strongly encouraged to use the format laid out in the attached Excel worksheets to provide information required in the outline below (taken from the UM 1217 order), rather than use some other format developed by the CETC.

- 7.1. Demonstration of use of support funds (other than low-income funds) received during 2006, including:
 - 7.3.1.1. The amount of support funds, by type, received during the year.
 - 7.3.1.2. Year-end counts of eligible lines/handsets in service for each ILEC service area as they were reported to USAC for the past December.
 - 7.3.1.2. Identification of each project for which the support was used, the actual support expenditures (by amount and type) for each project, and status of project (completed or still in progress).
 - 7.3.1.3. The resulting benefits to consumers (qualitative and quantitative) from each project and updates to coverage and signal strength maps.
 - 7.3.1.4. Explanation of how and why actual spending of support funds differed from spending proposed in the previous network improvement plan.
- 7.3.2. Updates to network improvement plan for the current calendar year and the following year:
 - 7.3.2.1. Forecast of support amount, by type (LSS, HCL, ICLS, IAS), that the applicant expects to receive during each of the next 2 years, as well as an explanation of how the forecast was derived.
 - 7.3.2.2. Detailed information for each project that will use support funds:
 - 7.3.2.2.1. Description and purpose of the project, its physical location and the ILEC serving that area.
 - 7.3.2.2.2. The start date and completion data (by quarter).
 - 7.3.2.2.3. Amount of support money allocated to the project, in total and broken down by investment and expense types.
 - 7.3.2.2.4. The amount of company's own funds that will be used for each supported project.
 - 7.3.2.2.5. Brief explanation of why the carrier would not make these improvements without the availability of support funding.
 - 7.3.2.2.6. Quantification of resulting service improvements by type (increased coverage, signal strength, capacity, etc.), population benefited, and geographic area benefited (shown on map).

Report #8 – Special Commitments/Requirements – CETCs only

Did the Oregon PUC impose any special commitments or requirements at initial designation or during the previous annual recertification process? yes _____ no _____.

If yes, identify the commitments or requirements and explain if, and how, they have been met.

Report #9 – Certifications - All ETCs

9.1. IAS or ICLS Certification Copy – All ETCs Receiving IAS and/or ICLS

All ETCs receiving interstate access-related support (IAS or ICLS) must submit a copy of the certification for the use of IAS or ICLS support that was sent to USAC and the FCC in June 2007.

9.2. Certification of Use of Universal Service Funds – All ETCs receiving HCL and/or LSS (Rural ILECs and CETCs Designated in Rural ILEC Areas)

To continue receiving traditional high cost support (HCL, LSS), ETCs must submit a notarized affidavit signed by a responsible company official certifying that the carrier will use the high cost support funds only for the intended purposes. Use of the sample affidavit form displayed on the following page is recommended.

9.3. Certification of Emergency Functionality and Compliance with Service Quality and Consumer Protection Measures – All ETCs

Each ETC must submit a notarized affidavit signed by a responsible company official certifying that the carrier: 1) is able to remain functional in an emergency, and 2) is complying with all service quality and consumer protection measures in either the applicable Oregon Commission rules (for wireline carriers), the CTIA Consumer Code (for wireless carriers), or some other specific set of standards. All ETCs must submit this affidavit. A copy of an acceptable affidavit form follows the affidavit for high cost support.

AFFIDAVIT CERTIFYING USE OF UNIVERSAL SERVICE FUNDS

I, Brenda Crosby, being of lawful age and duly sworn, on my oath, state that I am the President [an officer] of Trans-Cascades Telephone Co. ("Company") and that I am authorized to execute this Affidavit on behalf of the Company, and the facts set forth in this Affidavit are true to the best of my knowledge, information and belief.

Pursuant to the rules of the Federal Communications Commission, 47 C.F.R. § 54.314, there must be annual certification that funds received under the federal Universal Service Fund programs will be used only for the provision, maintenance and upgrading of facilities and services for which the support is intended. The Company hereby certifies to the Public Utility Commission of Oregon that pursuant to 47 C.F.R. § 54.7, and for purposes of the certification required under 47 C.F.R. § 54.314, the company will use all federal high-cost support provided to it only for the provision, maintenance and upgrading of facilities and services for which the support is intended, consistent with the principles of universal service set forth in 47 U.S.C. 254. This includes, but is not limited to, trying to meet the goal of the provision of services that are properly supported by the high-cost funds at rates that are reasonably comparable to rates charged for similar services in urban areas.

LOCAL SERVICE

ACCESS LINE RATES

CONDITIONS

Local service is provided through facilities owned and maintained according to the standards of the Company. The territory served is shown on maps filed with the Commissioner by the Company. This territory is referred to as an Exchange.

The application of business or residence rates is determined by the actual or obvious use made of the service by the customer. Where only one primary access line is provided at a location which is both business and residence, the business rate will apply. Flat rate service will not be installed on premises of a public or semi-public character in a location where a telephone connected to the access line would be accessible for use by the patrons of the customer or by the public in general.

Local service rates include the line which provides access to the central office switching equipment. Customer premises equipment (CPE) are excluded; except one telephone is included with semi-public service. Customer premises inside wire is excluded.

Oregon Telephone Assistance Program (Lifeline or OTAP)

Lifeline provides for a discount against the recurring monthly rate for the provision of local residential service for certain low-income customers. Lifeline, and Link Up are joint State and Federal Programs pursuant to 47 C.F.R. Subpart E, 54. In order to be eligible for Lifeline, subscribers must meet the requirements for the Oregon Telephone Assistance Program as defined in OAR 860-033-0030.

Lifeline subscribers may subscribe to toll blocking at no extra charge. Toll blocking is a service provided that allows OTAP recipients to elect not to allow the completion of outgoing toll calls from their telecommunications circuit (OAR 86-033-0005(9)). Lifeline subscribers who subscribe to toll blocking will not be required to pay service deposits in order to initiate service.

Lifeline subscribers will not be disconnected for non-payment of toll charges, regardless of whether toll blocking is activated on their service. Partial payments received from Lifeline subscribers will be first applied to local service and then to toll charges.

Lifeline will not be furnished with Foreign Exchange service.

- o Single party, voice grade access to the Public Switched Network
- o Access to emergency services
- o Access to operator services
- o Access to interexchange services, unless toll blocking is chosen
- o Access to directory assistance
- o Toll Blocking

The discount will begin with the date the company receives a valid application from the customer or when new service is established for a qualifying customer. The discount will be prorated from the effective date of the customer's application. The discount is applicable only to one access line at a residential customer's principal residence.

The reductions to be applied to the residential one-party rate are as follows:

Baseline Federal Lifeline Reductions	\$5.00	*	C
Supplemental Federal Reduction	1.75		
State Supported Reduction (OTAP)	3.50		
Additional Federal Reduction*	1.75		
*(equal to 1/2 of OTAP amount)

LINK-UP PROGRAM

Subscribers who meet the requirements for Lifeline are eligible for the Federal Communication Commission's Link Up Program. A qualifying low-income subscriber may choose one or both of the following programs:

- a. A reduction in the customary charge for connecting service at the subscriber's principal place of residence which shall be half the connection charge, or \$30.00 whichever is less; and
- b. A deferred schedule for payment of the charges assessed for commencing service, for which the subscriber does not pay interest. The interest charges not assessed to the subscriber shall be for connection charges of up to \$200.00 that are deferred for a period not to exceed one year. Charges assessed for commencing service include any charges that the company customarily assesses to connect subscribers to the network. These charges do not include any permissible security deposit requirements.
- c. A carrier's Link Up program shall allow a consumer to receive the benefit of the Link Up program for a second or subsequent time only for a principal place of residence with an address different from the residence address at which the Link Up assistance was provided previously.
