Identify which of the plans in 1.1.B above are "comparable" to the ILEC local usage offerings, and explain the basis for the comparability. **RCC's existing rate plans include substantial local calling areas with varying levels of local usage, including plans with unlimited local usage. Each rate plan includes, at a minimum, all of the supported services required by FCC Rule 54.101(a)(1)-(9) comparable to the service offerings of the incumbent LECs. - B. X Service quality reports for “primary held orders over 30 days” were **not** filed with the Oregon PUC for calendar year 2006. In this case, choose **one** of the following alternatives for reporting:
1. X The number of customer requests for supported services that were not fulfilled during calendar year 2006: 2 .
If greater than zero, include an attachment noting for each such request, the location (address) of the request and a description of attempts to provide service.
See Exhibit B
 2. ___ The number of “primary held orders over 30 days” (as defined in Section 860-034-0390 of the Oregon Commission rules) for calendar year 2006: _____.
If greater than zero, include attachment noting for each such held order, the reason the order was held and the original commitment date.

2.2. Service Request Processing - CETCs only

Submit a description of how the carrier ensures that every request for service that cannot be immediately fulfilled is recorded and processed under the 6-step process set forth in 47 CFR Section 54.202(a)(1)(i).

RCC has procedures in place to comply with its Request for Service policy (See Exhibit C).

**Report #3 – Evidence of Advertising for Basic Supported Services
(excluding low-income/lifeline) – All ETCs**

Describe how basic supported services were advertised during calendar year 2006 throughout the designated service area. List the types of media used, advertising frequencies and geographic coverage. Attach examples of actual advertisements, noting dates, specific distribution methods, and target geographical populations, sufficient to demonstrate that basic supported services and rates were advertised **throughout** the designated service area in 2006.

See Exhibit D for a schedule of RCC's advertising and examples of advertisements.

Report #4 – Low-income Services – All ETCs

4.1. Number of Lifeline Customers – All ETCs

The total number of customers receiving Lifeline discounts during the month of December 2006 in the designated service area: 97.

<u>CenturyTel</u>	<u>16</u>
<u>Eagle Telephone</u>	<u>1</u>
<u>Helix Telephone</u>	<u>1</u>
<u>Oregon Telephone</u>	<u>1</u>
<u>Qwest</u>	<u>72</u>
<u>Verizon</u>	<u>6</u>
<u> </u>	<u> </u>

4.2. Advertising of Low-Income Program Service Offerings – All ETCs

Submit copies of all advertisements (for all media) for Lifeline, LinkUp, and OTAP service offerings that were run during calendar year 2006, noting media (newspaper name, radio station, bill inserts, internet postings, etc.), run/distribution dates, and geographic coverage area.

See Exhibit E for a schedule of RCC's Lifeline/Link Up related advertising and outreach efforts and samples of the advertisements.

Report #5 – Outage Report – All ETCs

Choose either A. or B. below, as applicable:

A. _____ Carrier was required to report service outages (as defined in Oregon PUC Rules at Sections 860-034-0390(9) for small telecom utilities, 860-023-0055(9) for large telecom utilities, and 860-032-0012(9) for competitive telecom providers) to the Oregon PUC during year 2006. No additional submission is required for recertification purposes.

B. X Carrier was *not* required to report service outages (as defined in Oregon PUC Rules at Sections 860-034-0390(9) for small telecom utilities, 860-023-0055(9) for large telecom utilities, and 860-032-0012(9) for competitive telecom providers) to the Oregon PUC during year 2006. Select #1 (wireline carriers) or #2 (wireless carriers) below.

1. _____ The number of service outages, as defined in Oregon PUC rules, that occurred during calendar year 2006 was _____.

If the number was greater than zero, attach a report that lists for each such outage the following: the date and time of onset, a brief description of the outage and its resolution, the particular services affected, the geographic areas affected, steps taken to prevent a similar future occurrence, and the number of customers affected.

2. X The number of service outages, as defined in FCC rules at 47 CFR Section 54.209(a)(2), that occurred during calendar year 2006 was 7.

If the number was greater than zero, attach a report that lists for each such outage the following: the date and time of onset, a brief description of the outage and its resolution, the particular services affected, the geographic areas affected, steps taken to prevent a similar future occurrence, and the number of customers affected.

See Exhibit F.

- **The # of customers affected is estimated by dividing the total # of customers in the wire center by the number of cell sites serving the wire center. The exact number of customers affected would be dependent upon the number of call attempts during the service disruption that could not be served by a neighboring cell site.**

Report #6 – Trouble Report – All ETCs

Choose either A. or B. below, as appropriate:

A. ____ Trouble reports were filed with the Oregon PUC for calendar year 2006 per Oregon PUC service quality rules. No additional submission is required for recertification purposes.

B. X Trouble reports were **not** filed with the Oregon PUC during calendar year 2006. In this case, choose **one** of the following alternatives for reporting:

1. X The number of customer trouble reports received per 100 wireless handsets for supported services during calendar year 2006, for each company switch.

<u>Trouble Type</u>	<u>Switch A (location)</u>	<u>Switch B (location)</u>
No service	<u>.41</u>	_____
Network busy	<u>.00</u>	_____
Interruption of service	<u>1.87</u>	_____
Poor reception	<u>.61</u>	_____

2. ____ The number of customer trouble reports, as defined in Section 860-034-0390 (5) of the Oregon PUC rules, received during calendar year 2006: ____ per 100 working access lines.

Report #7 – Network Improvement Plan – CETCs Only

The following detailed information must be included in each network improvement plan. Only CETCs must file these plans for recertification purposes. CETCs that receive *only* low-income program support (no high-cost or access-related support), do not have to file network improvement plans. CETCs are strongly encouraged to use the format laid out in the attached Excel worksheets to provide information required in the outline below (taken from the UM 1217 order), rather than use some other format developed by the CETC.

- 7.1. Demonstration of use of support funds (other than low-income funds) received during 2006, including:
 - 7.3.1.1. The amount of support funds, by type, received during the year.
 - 7.3.1.2. Year-end counts of eligible lines/handsets in service for each ILEC service area as they were reported to USAC for the past December.
 - 7.3.1.2. Identification of each project for which the support was used, the actual support expenditures (by amount and type) for each project, and status of project (completed or still in progress).
 - 7.3.1.3. The resulting benefits to consumers (qualitative and quantitative) from each project and updates to coverage and signal strength maps.
 - 7.3.1.4. Explanation of how and why actual spending of support funds differed from spending proposed in the previous network improvement plan.
- 7.3.2. Updates to network improvement plan for the current calendar year and the following year:
 - 7.3.2.1. Forecast of support amount, by type (LSS, HCL, ICLS, IAS), that the applicant expects to receive during each of the next 2 years, as well as an explanation of how the forecast was derived.

 - 7.3.2.2.2. The start date and completion data (by quarter).
 - 7.3.2.2.3. Amount of support money allocated to the project, in total and broken down by investment and expense types.
 - 7.3.2.2.4. The amount of company's own funds that will be used for each supported project.
 - 7.3.2.2.5. Brief explanation of why the carrier would not make these improvements without the availability of support funding.
 - 7.3.2.2.6. Quantification of resulting service improvements by type (increased coverage, signal strength, capacity, etc.), population benefited, and geographic area benefited (shown on map).

Report #8 – Special Commitments/Requirements – CETCs only

Did the Oregon PUC impose any special commitments or requirements at initial designation or during the previous annual recertification process? yes X no _____.

If yes, identify the commitments or requirements and explain if, and how, they have been met.

In RCC's testimony, RCC committed to adding E911 Phase 2 throughout its networks as facilities were upgraded. RCC is Phase 2 with the exception of Baker County where we are awaiting PSAP approval.

RCC committed to build cell sites in Bonanza, La Grande, Prairie City, and Ontario. These commitments have been fulfilled.

Under Order 06-537, RCC was to file a revised 2007 Network Improvement Plan prior to the end of 2006. Per memo dated 11/3/2006, this requirement was fulfilled.

Report #9 – Certifications - All ETCs

9.1. IAS or ICLS Certification Copy – All ETCs Receiving IAS and/or ICLS

All ETCs receiving interstate access-related support (IAS or ICLS) must submit a copy of the certification for the use of IAS or ICLS support that was sent to USAC and the FCC in June 2007.

9.2. Certification of Use of Universal Service Funds – All ETCs receiving HCL and/or LSS (Rural ILECs and CETCs Designated in Rural ILEC Areas)

To continue receiving traditional high cost support (HCL, LSS), ETCs must submit a notarized affidavit signed by a responsible company official certifying that the carrier will use the high cost support funds only for the intended purposes. Use of the sample affidavit form displayed on the following page is recommended.

9.3. Certification of Emergency Functionality and Compliance with Service Quality and Consumer Protection Measures – All ETCs

Each ETC must submit a notarized affidavit signed by a responsible company official certifying that the carrier: 1) is able to remain functional in an emergency, and 2) is complying with all service quality and consumer protection measures in either the applicable Oregon Commission rules (for wireline carriers), the CTIA Consumer Code (for wireless carriers), or some other specific set of standards. All ETCs must submit this affidavit. A copy of an acceptable affidavit form follows the affidavit for high cost support.

WOMAN: For years, there was nothing I dreaded more than shopping for the holidays. When hitting the stores meant sitting in an hour of traffic to go two miles, ...(GOES OFF WITH A LIST OF ISSUES, DELIVERED IN ONE BREATH, PICKING UP SPEED)...and parking so far from the entrance I had to take a shuttle bus to get there, only to wait in line for half an hour between germy, sneezy flu-guy and the ever-popular screaming baby, just to get 30% off a marked-up sweater my sister-in-law is probably going to return anyway for store credit! (SPEAKS "credit" WITH HER LAST BREATH, BREATHEs OUT A SIGH AND GOES BACK TO NORMAL SPEED)

Unicel is a breath of fresh air this holiday season. They have great deals on stuff no one will return, like two amazing phones FREE after \$20 mail-in rebates.
