**RE: UM 2059—2020 All-Source Request for Proposals OAR 860-089-0500(5)
Compliance Filing**

In compliance with Oregon Administrative Rule (OAR) 860-089-0500(5) PacifiCorp dba Pacific Power submitted a filing providing the average bid score and the average price of a resource in its final shortlist on January 10, 2022. This filing corrects the previous submission which mistakenly labeled the average price for the 4-Hr Duration Battery and 2-Hr Duration Battery as \$/kW-Month. The average price should be labeled as \$/MW-Month and has been corrected in the table below.

| Resource | Average Price | Average Bid Score |
|------------------------|----------------------|-------------------|
| Solar Generation Plant | \$ 27.43/MWh | 63.7 |
| Wind Generation Plant | \$ 30.77/MWh | 73.8 |
| 4-Hr Duration Battery | \$ 6,900.90/MW-Month | Note (1) |
| 2-Hr Duration Battery | \$ 4,531.80/MW-Month | Note (1) |

Note (1): Scoring was done on the underlying resource including battery storage if included in the bid. Battery storage was not scored separately.

PacifiCorp respectfully requests that all data requests be addressed to:

By email (preferred): datarequest@pacificorp.com

By regular mail: Data Request Response Center
PacifiCorp
825 NE Multnomah Street, Suite 2000
Portland, OR 97232

Please direct informal correspondence and questions regarding this filing to Cathie Allen, Regulatory Affairs Manager, at (503) 813-5934.

Sincerely,

Shelley McCoy
Director, Regulation
