1. Introduction

2. Overview of Draft Rules

To clarify the proposed rules and help stakeholders draft comments, Staff will provide an overview of each section with proposed edits/additions in the rule language document filed on March 23rd. The following sections have substantial edits or key topics for discussion:

- Pg. 18 – Non-bypassable Charges
- Pg. 28 – Comment on DA program caps
- Pg. 29-30 – Default Supply and Preferential Curtailment
- Pg. 30 – Utility and ESS Labeling Requirements
- Pg. 39 – ESS Emissions Planning Reports

Discussion will generally follow the order of topics listed above. Parties are encouraged to discuss any clarifying questions, suggestions, or initial concerns with the rule language in preparation for writing comments.

3. Next Steps, Comments, Additional Questions

Stakeholder comments on the draft rule language will be filed April 21st and can include redlines. Please contact Madison Bolton at the information below if you need an editable version of the draft rule language document.
