Attachment 1

Notwithstanding anything set forth in the Agreement to the contrary, the following terms and provisions shall govern the exchange of Non-Access Telecommunications Traffic, as defined in the Order, between the Parties.

1. General

- 1.1. Bill and Keep shall mean the originating Party has no obligation to pay terminating charges to the terminating Party.
- 1.2. Non-Access Telecommunications Traffic shall have the meaning set forth in 47 CFR §51.701(b) that is terminated as one way Land to Mobile (L-M) wireless traffic to Paging Provider's end users.
- 1.3. All other terms not otherwise defined in this Amendment are as defined in the ICA.

2. Intercarrier Compensation.

- 2.1. Bill and Keep shall apply to the exchange of Non-Access Telecommunications Traffic, solely between the Parties. This compensation arrangement shall supersede any previous language in the ICA and any usage-based terminating charges for End Office Call Termination listed in Appendix A of the ICA.
- 2.2. Notwithstanding anything in this Amendment or in the Agreement to the contrary, Bill and Keep shall not apply to the right of CenturyLink to be compensated for Transit Traffic that transits a CenturyLink Tandem. Such Transit Traffic shall be at the same rates that existed prior to this Amendment, and any adjustment to reciprocal compensation rate element(s) that are assessed by a Party for terminating one way L-M Non-Access Telecommunications Traffic pursuant to the Order shall not apply for purposes of calculating the rate(s) to be charged by CenturyLink for providing a Transit Service.

3. Tandem Management.

- 3.1. The originating company is responsible for payment of appropriate rates to the transit company and to the terminating company. However, when Transit Traffic originated by a third party is routed through a CenturyLink Tandem to Paging Provider, and the third party is not legally obligated to compensate CenturyLink for the Transit Service provided in transporting the traffic to Paging Provider as a result of paragraph 999 of the FCC Order, then Paging Provider will either:
 - 3.1.1. Establish direct interconnection with such third party; or
 - 3.1.2. Pay the Transit charges for such traffic.
- 3.2. Transit Service is provided by CenturyLink, as a local and Access Tandem Switch provider to the Paging Provider to enable the completion of calls originated by or terminated to end users of another Telecommunications Carrier which is connected to CenturyLink's Switches.
