Re: **Notice of SBC Long Distance LLC Cessation of certain Telephone Services in Oregon**

Dear Ms. Shepherd:

SBC Long Distance LLC dba SBC Long Distance, and AT&T Long Distance ("SBCLD") hereby provides a courtesy notice to the Commission that it is ceasing the provision of AT&T Long Distance Calling Card Service for business customers.

AT&T Long Distance Calling Card Service is a long distance calling card that allows users to place intrastate, interstate and/or international calls by dialing a company-provided toll-free access code or number. This calling card service allows calls to be billed to the customer's telephone bill after the call is placed. Upon discontinuance, Oregon customers will not be converted to a different service offering. Deposits are not associated with this service, so no refunds are necessary.

SBCLD currently has eighteen business customers in Oregon which will be impacted by the discontinuance. SBCLD is discontinuing this service nationwide including in the entire state of Oregon. Business customers impacted by the discontinuance may contact AT&T service representatives at the toll-free number listed on their bill.

Calling card service in Oregon for business customers will be discontinued on or after September 12, 2015; 90 days from the date this notice is filed with the Oregon Public Utility Commission in accordance with OAR 860-032-0020.

SBCLD provided notice to affected business customers of its intent to exit these services in billing cycles starting in December 2014 through January 2015 and again in billing cycles starting in April 2015 through May 2015. See attachment A for a copy of the bill notice.

Please contact me at 512-330-1698, if you have any questions regarding this notice.

Sincerely,

Sharon Mullin
Director, External Affairs
