Re: Notification Regarding *Pro Forma* Change in Indirect Ownership of West Telecom Services, LLC (f/k/a HyperCube Telecom, LLC)

Dear Mr. Dougherty:

West Telecom Services, LLC (f/k/a HyperCube Telecom, LLC) (“West Telecom”) hereby notifies the Oregon Public Utilities Commission (the “Commission”) of *pro forma* intra-company changes that will result in the elimination of Rubik Acquisition Company, LLC (“Rubik”) and Annex Holdings HC LLC (“Annex”) as intermediate holding companies in West Telecom’s chain of ownership. West Telecom’s direct parent, West Telecom Services Holdings, LLC (f/k/a HyperCube, LLC) (“West Telecom Holdings”), will not change as a result of this internal reorganization and neither will West Telecom’s ultimate parent, West Corporation (“West”).

It is West Telecom’s understanding that Commission approval is not required to complete the *pro forma* change of indirect ownership described herein. Should the Commission believe that any action is required, West Telecom respectfully requests that the Commission notify the undersigned at its earliest convenience. In support of this filing, West Telecom provides the following information:

Description of West Telecom

West Telecom is a Delaware limited liability company located at 3200 W. Pleasant Run Road, Suite 300, Lancaster, Texas. West Telecom provides wholesale local and national tandem switching and transport services, termination services, toll-free origination services, and Direct Inbound Dial services to telecommunications and information service providers, including wireless carriers, wireline CLECs and IXC, cable telephony providers, and VoIP providers. West Telecom is authorized to provide resold and facilities-based local exchange and resold long distance telecommunications services in Oregon pursuant to authority granted on December 24, 2001 in Order No. 01-1097.

West Telecom is a direct, wholly-owned subsidiary of West Telecom Holdings, which is 74% owned by Rubik and 26% owned by Annex, both Delaware limited liability companies. Annex, in turn, is wholly-owned by Rubik, which is wholly-owned by West, a publicly traded Delaware corporation (Nasdaq: WSTC). West, Annex, Rubik and West Telecom Holdings do not provide and are not certified to provide telecommunications services in Oregon or any other jurisdiction.

Description of the Pro Forma Intra-Company Changes

In order to simplify its corporate structure, West has decided to reduce the number of intermediate holding companies in West Telecom's chain of ownership by eliminating Annex and Rubik. Following the *pro forma* elimination of Annex and Rubik, West Telecom Holdings will be a direct, rather than indirect, wholly-owned subsidiary of West while West Telecom will remain a direct, wholly-owned subsidiary of West Telecom Holdings. Organizational charts depicting the corporate structure of West Telecom and its direct and indirect parent companies before and after the *pro forma* intra-company changes are appended hereto. West expects that the elimination of Annex and Rubik will be completed no later than 60 days after obtaining all regulatory approvals.

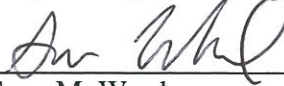

Public Interest Considerations

The *pro forma* intra-company changes discussed herein will serve the public interest by simplifying West's existing corporate structure and thereby reducing its reporting and accounting burdens and providing other operational efficiencies. As a result of these efficiencies, West and its subsidiaries will become stronger competitors to the ultimate benefit of consumers.

Furthermore, the *pro forma* changes will be seamless to customers and will not result in any change to West Telecom's services. West Telecom will continue to be ultimately owned by West and the customers of West Telecom will continue to receive service under the same rates, terms, and conditions. The *pro forma* changes also will not result in any managerial changes at West Telecom, which means there will be no change in the qualifications of the telecommunications provider serving the affected customers.

Should you have any questions regarding this filing, please do not hesitate to contact the undersigned.

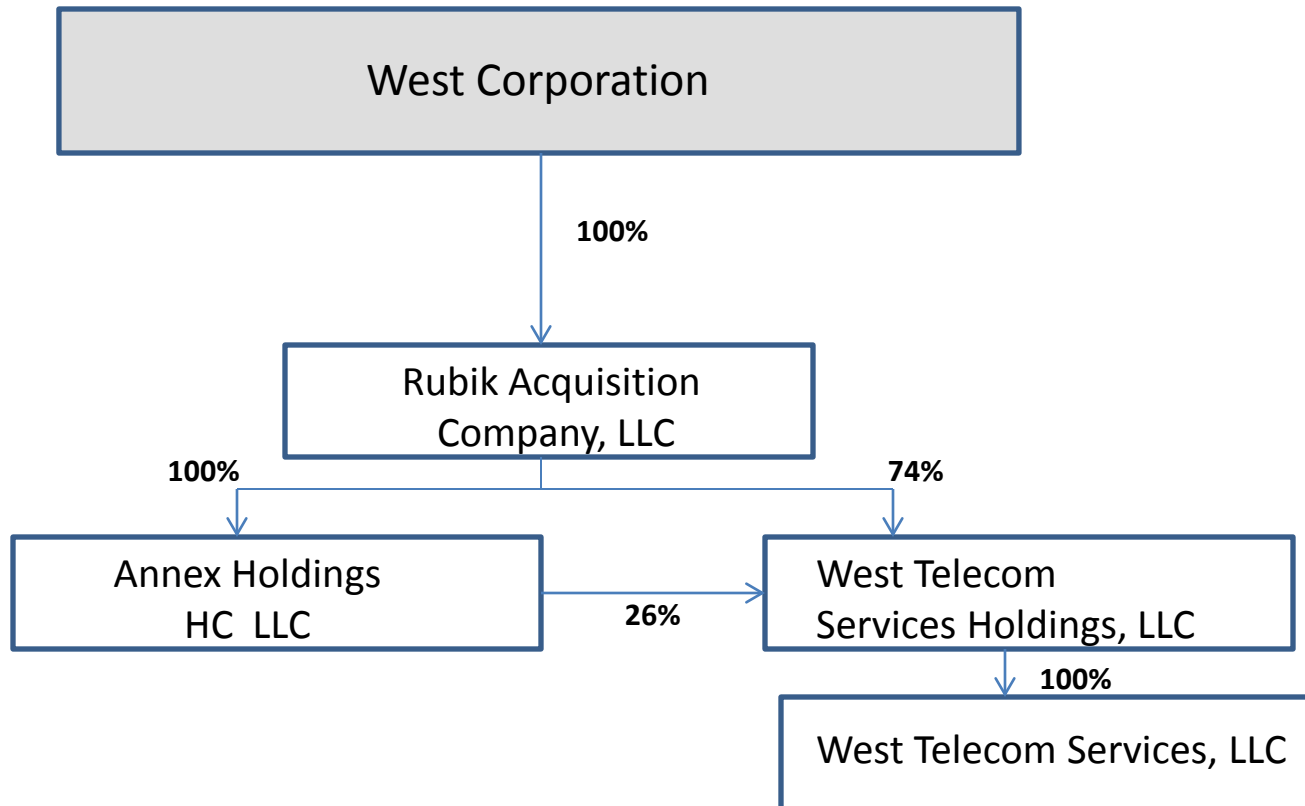

Respectfully submitted,
