Re: New Large Load Direct Access (NLDA) Compliance Filing: Customer Affidavit and Notice of NLDA Program Enrollment Level

Dear Filing Center,

In compliance with Oregon Administrative Rule (OAR) 860-038-0730(2), enclosed is the Contract Summary and Affidavit of Eligibility and Compliance from Portland General Electric Company's (PGE) New Large Load Direct Access participant. This information is provided as Attachment A and is considered confidential under OAR 860-001-0070. Attachment A is submitted in an encrypted zip folder. The password for this folder will be send in a separate email.

This filing also serves as PGE's status report pursuant to OAR 860-038-0760 for reporting of the following:

Each electric company must file a status report to the Commission within two months of total enrollment in New Large Load Direct Access Programs reaching 25 average megawatts, 50 average megawatts, 100 average megawatts, and 80 percent of any enrollment limit adopted by the Commission.

PGE has one customer enrolled at 90MW and is thus reporting enrollment at the 50MWa threshold.

If you have any questions regarding this filing please contact Teresa Griffels at teresa.griffels@pgn.com.

Please direct all formal correspondence, questions, and requests to pge.opuc.filings@pgn.com.

Sincerely,

/s/ Karla Wenzel
