RE: UE 436 – PGE Minimum Filing Requirements

Dear Filing Center,

Commission Order No. 08-505 in Docket No. UE 198 adopted a list of Minimum Filing Requirements (MFRs) for Net Variable Power Cost (NVPC) proceedings. The MFRs define the documents PGE will provide in conjunction with the initial and update filings in its Annual Power Cost Update Tariff and general rate case proceedings.

Enclosed are the MFRs for PGE's initial 2025 Annual Update Tariff filing, submitted February 29, 2024, in Docket No. UE 436. The MFRs include supporting documents and work papers for the following: forward curve inputs, load inputs, thermal plant inputs, hydro inputs, electric and gas contract inputs, wheeling inputs, wind power inputs, ancillary services, energy storage inputs, enhancements and new items, miscellaneous, and historical operating data.

Attachment 1 is one (1) ZIP file containing the confidential MFRs. Attachment 1 is protected information and subject to Protective Order No. 23-132.

Attachment 2 is one (1) ZIP file containing the non-confidential MFRs.

If you have any questions, please contact Greg Batzler at 503-464-8644. Please direct all formal correspondence and requests to the following e-mail address: pge.opuc.filings@pgn.com.
