Re: In the Matter of the OREGON PUBLIC UTILITY STAFF Requesting the Commission direct AVISTA UTILITIES to file tariffs establishing automatic adjustment clauses under the terms of SB 408 (**Docket No. UG-171**)

**Proposed Budget of the Northwest Industrial Gas Users**

Dear Filing Center:

Pursuant to OAR § 860-012-0100(4), the First Amended and Restated Intervenor Funding Agreement (“IFA”), approved by the Oregon Public Utility Commission (“Commission”) in Order No. 07-576 (December 20, 2007), and Administrative Law Judge (ALJ) Grant’s Prehearing Conference Memorandum dated November 4, 2008, the Northwest Industrial Gas Users (NWIGU) hereby respectfully submit an issue fund budget of \$8,610.

Article 6.3 of the First Amended and Restated Intervenor Funding Agreement (“IFA”) provides that pre-certified intervenors seeking an issue fund grant must submit a proposed budget to the Commission. Accordingly, NWIGU has attached a detailed budget as Appendix A. In addition, the IFA requires the following information:

**1. A Statement of the Work to be Performed.**

NWIGU will participate in all stages of the Oregon Public Utility Commission’s investigation into Avista Utilities’ tariff filings establishing automatic adjustment clauses under the terms of SB 408. This includes review of Avista’s filing, participation in upcoming workshops, drafting testimony and briefs, and participation at hearing.

**2. A Description of the Areas to be Investigated.**

NWIGU will focus its efforts on evaluating Avista's filing for compliance with SB 408 and to ensure that any refunds due ratepayers are returned in a fair and equitable manner consistent with Commission precedent.

**3. A Description of the Particular Customer Class(es) That Will Benefit From the Intervenor's Participation.**

NWIGU is a nonprofit association comprised of thirty-eight end users of natural gas with major facilities in the states of Oregon, Washington, and Idaho. NWIGU members include diverse industrial interests, including food processing, pulp and paper, wood products, electric generation, aluminum, steel, chemicals, electronics, and aerospace. NWIGU members take service from gas utilities under industrial rate schedules. Accordingly, NWIGU advocacy will benefit the industrial rate class.

**4. Identification of the Specific Fund Accounts From Which the Intervenor is Seeking Monies.**

NWIGU identifies the Avista Utilities Account as the account from which NWIGU is seeking monies. NWIGU is not seeking funds from any other account.

**5. A Budget Showing Estimated Attorney, Consultant and Expert Witness Fees, Which May Include the Cost for Appropriate Support Staff and Operations Support.**

NWIGU has attached a detailed budget for NWIGU's participation in this proceeding as Appendix A.

**6. Representation that Intervenor will use matching funds in the form of either in-house resources or outside funding to account for or pay at least 20 percent of the Eligible Expenses.**

NWIGU represents that it will use matching funds in the form of either in-house resources or outside funding to account for or pay at least 20 percent of the Eligible Expenses.
