Name: Marcia Lincoln

MATERIAL

Phone number: 541-893-6115

E-mail address: marcia@pinetel.com

Filing instructions: Please file reports under Docket No. UM 1310. File reports electronically via the PUC Filing Center; see the PUC website for instructions. Also send one original and 2 hard copies to the PUC Filing Center. If selected portions of reports, e.g., network improvement plans, are to receive confidential treatment, those portions should not be filed electronically. Hard copies of confidential material should be filed in accordance with confidential designation requirements described in OAR 860-011-0080. Regular delivery methods may be used to send all hard copy documents; overnight or express delivery is not necessary. Send documents to the Filing Center using one of the two following addresses, depending on the delivery carrier used:

For US mail: Public Utility Commission of Oregon
Attn: Filing Center
PO Box 2148
Salem, OR 97308-2148

For other carriers: Public Utility Commission of Oregon
Attn: Filing Center
550 Capitol St. NE #215
Salem, OR 97308-2148

Report #7 – Network Improvement Plan – CETCs Only

The following detailed information must be included in each network improvement plan. Only CETCs must file these plans for recertification purposes. CETCs that receive *only* low-income program support (no high-cost or access-related support), do not have to file network improvement plans. CETCs are strongly encouraged to use the format laid out in the attached Excel worksheets to provide information required in the outline below (taken from the UM 1217 order), rather than use some other format developed by the CETC.

- 7.1. Demonstration of use of support funds (other than low-income funds) received during 2006, including:
 - 7.3.1.1. The amount of support funds, by type, received during the year.
 - 7.3.1.2. Year-end counts of eligible lines/handsets in service for each ILEC service area as they were reported to USAC for the past December.
 - 7.3.1.2. Identification of each project for which the support was used, the actual support expenditures (by amount and type) for each project, and status of project (completed or still in progress).
 - 7.3.1.3. The resulting benefits to consumers (qualitative and quantitative) from each project and updates to coverage and signal strength maps.
 - 7.3.1.4. Explanation of how and why actual spending of support funds differed from spending proposed in the previous network improvement plan.
- 7.3.2. Updates to network improvement plan for the current calendar year and the following year:
 - 7.3.2.1. Forecast of support amount, by type (LSS, HCL, ICLS, IAS), that the applicant expects to receive during each of the next 2 years, as well as an explanation of how the forecast was derived.
 - 7.3.2.2. Detailed information for each project that will use support funds:
 - 7.3.2.2.1. Description and purpose of the project, its physical location and the ILEC serving that area.
 - 7.3.2.2.2. The start date and completion data (by quarter).
 - 7.3.2.2.3. Amount of support money allocated to the project, in total and broken down by investment and expense types.
 - 7.3.2.2.4. The amount of company's own funds that will be used for each supported project.
 - 7.3.2.2.5. Brief explanation of why the carrier would not make these improvements without the availability of support funding.
 - 7.3.2.2.6. Quantification of resulting service improvements by type (increased coverage, signal strength, capacity, etc.), population benefited, and geographic area benefited (shown on map).
