Report #5 – Outage Report – All ETCs

Choose either A. or B. below, as applicable:

- A. Carrier was required to report service outages (as defined in Oregon PUC Rules at Sections 860-034-0390(9) for small telecom utilities, 860-023-0055(9) for large telecom utilities, and 860-032-0012(9) for competitive telecom providers) to the Oregon PUC during year 2007. No additional submission is required for recertification purposes.
- B. Carrier was *not* required to report service outages (as defined in Oregon PUC Rules at Sections 860-034-0390(9) for small telecom utilities, 860-023-0055(9) for large telecom utilities, and 860-032-0012(9) for competitive telecom providers) to the Oregon PUC during year 2007. 1. The number of service outages, as defined in Oregon PUC rules, that occurred during calendar year 2007 was _____.

If the number was greater than zero, attach a report that lists for each such outage the following: the date and time of onset, a brief description of the outage and its resolution, the particular services affected, the geographic areas affected, steps taken to prevent a similar future occurrence, and the number of customers affected.

2. The number of service outages, as defined in FCC rules at 47 CFR Section 54.209(a)(2), that occurred during calendar year 2007 was 5.

If the number was greater than zero, attach a report that lists for each such outage the following: the date and time of onset, a brief description of the outage and its resolution, the particular services affected, the geographic areas affected, steps taken to prevent a similar future occurrence, and the number of customers affected.

See Exhibit H.

Note: The number of customers affected is estimated by dividing the total # of customers in the wire center by the number of cell sites serving the wire center. The exact number of customers affected would be dependent upon the number of call attempts during the service disruption that could not be served by a neighboring cell site.

Report #6 – Trouble Report – All ETCs

A. ____ Trouble reports were filed with the Oregon PUC for calendar year 2007 per Oregon PUC service quality rules. No additional submission is required for recertification purposes.

CETCs that receive *only* low-income program support (no high-cost or access-related support) do not have to file network improvement plans. CETCs are strongly encouraged to use the template in the attached Excel worksheets for their network improvement plans. This template incorporates all the items of information required by the order.
