Report #9 Certifications – All ETCs

- 9.1. IAS or ICLS Certification Copy – **All ETCs Receiving IAS or ICLS**
- 9.2. Certification of Use of Universal Service Funds – **All ETCs Receiving Traditional High-Cost Support (HCL, LSS)**
- 9.3. Certification of Emergency Functionality and Compliance with Service Quality/Consumer Protection Measures – **All ETCs**

Report #1 – Supported Services Offerings

1.1. Basic Local Usage Service Offerings – All ETCs

Choose either A. or B. below, as applicable:

A. ___ Basic local usage service offerings are filed under tariff with the Oregon PUC. The specific tariff references (with *company name, tariff number, section and page numbers*) for the basic local usage offerings and corresponding rates are:
1. residence:

2. business:

B. Basic local usage service offerings are **not** filed under tariff with the Oregon PUC. Submit the following information for each basic service offering that includes local usage allowances (unlimited or limited): 1) plan’s name, 2) advertised public description, 3) number of local minutes included, 4) calling area included, and 5) rates and charges. Include basic offerings for both residence and business services.

See Exhibits 1.1.B.A and 1.1.B.B.

1.2. Comparable Local Usage Plan – CETCs only

The carrier certifies that it offers at least one basic local usage plan that is comparable to those offered by the ILECs in its designated service area: yes no _____

Identify which of the plans in 1.1.B above are “comparable” to the ILEC local usage offerings, and explain the basis for the comparability. _____

U.S. Cellular’s price plan offerings as described in Exhibit 1.1.B.A are comparable to or exceed Oregon ILEC offerings for the following reasons:

- **Choice – Consumers can choose from a variety of Wide Area and National plans with large buckets of minutes and included long distance service designed to fit their calling patterns.**
- **Portability – Wide Area Plan Users can use their phone in any U.S. Cellular® market across 26 states. For an additional per minute fee of \$.69, Wide Area Plan Users can use their phone on other carriers’ networks in areas across the country not served by U.S. Cellular®. National Plan Users are free to use their phones on U.S. Cellular’s and other wireless carriers’ networks anywhere in the United States.**

- **Convenience – Service from U.S. Cellular allows consumers to make and receive telephone calls where they are; no more sitting by the phone, the phone sits by the customer.**

1.3. Supported Services Not Provided – CETCs only

Identify any supported services that were not available at designation, but were to be provided as a condition of ETC designation (e.g., toll restriction for qualifying low-income consumers, E911): None

Are these services provided currently? yes no

If no, explain why not: _____

1.4. Equal Access Acknowledgement – CETCs only

The carrier acknowledges that it may be required to provide equal access if it is the only remaining ETC in an area: yes no

Report #2 – Unfulfilled Service Requests

2.1. Unfulfilled Service Requests/Held Orders – All ETCs

Choose either A. or B. below, as applicable:

- A. ___ Service quality reports for “primary held orders over 30 days” were filed with the Oregon PUC for calendar year 2007. No additional submission is required for recertification purposes.
- B. X Service quality reports for “primary held orders over 30 days” were **not** filed with the Oregon PUC for calendar year 2007. In this case, choose **one** of the following alternatives for reporting:
1. X The number of customer requests for supported services that were not fulfilled during calendar year 2007: 7.
If greater than zero, include an attachment noting for each such request, the location (address) of the request and a description of attempts to provide service.

See Exhibit 2.1.B.1

2. ___ The number of “primary held orders over 30 days” (as defined in Section 860-034-0390 of the Oregon Commission rules) for calendar year 2007: _____.
If greater than zero, include attachment noting for each such held order, the reason the order was held and the original commitment date.

2.2. Service Request Processing - CETCs only

Submit a description of how the carrier ensures that every request for service that cannot be immediately fulfilled is recorded and processed under the 6-step process set forth in 47 CFR Section 54.202(a)(1)(i).

To ensure all existing and potential customers receive the best possible wireless service, when service issues are identified U.S. Cellular will:

- **Inspect the customer’s handset to ensure it is functioning properly and ensure that it has been properly programmed. If necessary, handsets under warranty will be promptly replaced or repaired. In circumstances where the phone is no longer under warranty, the customer will be made aware of his/her handset replacement options, i.e. repair, purchase of a new or used handset. Customer will also be advised of available modifications to his equipment that may allow the phone to successfully connect to U.S. Cellular’s network.**
- **Inspect elements of U.S. Cellular’s network to ensure that it is functioning as designed. If necessary, adjustments and repairs will be made as soon as practical and in a manner that has the least impact upon the customer. Perform drive**

testing in the effected area to determine the availability and strength of wireless signals. Also, determine if the nearest cell site can be modified to serve the effected area.

- **In certain situations, customers requesting service may reside outside of U.S. Cellular's CGSA but within U.S. Cellular's ETC area. To ensure that customers in this situation can receive wireless service, U.S. Cellular has in place comprehensive roaming agreements with other wireless carriers and "U.S. Cellular" service will be provided via other carriers' networks at no additional cost to the customer. However, in some instances no cellular coverage from any cellular network is available.**
- **U.S. Cellular continuously monitors its network for trouble spots, including areas where cellular signals are weak, non-existent or lacking due to capacity issues. Once a trouble spot is identified, U.S. Cellular explores possible solutions and works to implement solution(s) as soon as practical.**

Report #3 – Evidence of Advertising for Basic Supported Services (excluding low-income/lifeline) – All ETCs

Describe how basic supported services were advertised during calendar year 2007 throughout the designated service area. List the types of media used, advertising frequencies and geographic coverage. Attach examples of actual advertisements, noting dates, specific distribution methods, and target geographical populations, sufficient to demonstrate that basic supported services and rates were advertised **throughout** the designated service area in 2007.

In 2007, U.S. Cellular® advertised its service offerings throughout its licensed service area in Oregon. Advertising media used to advertise service offerings included television, radio and newspaper. The mix of advertising media used is designed to reach the largest target audience possible and the message is structured to pique consumer interest in the products offered by U.S. Cellular®. The cellular telephone industry is very competitive, successful service providers must continuously reach out to existing and potential subscribers to ensure they are aware of the latest technology and service offerings.

A sample newspaper advertisement is attached as Exhibit 3.A.

A sample radio invoice is attached as Confidential Exhibit 3.B.

Report #4 – Low-income Services – All ETCs

4.1. Number of Lifeline Customers – All ETCs

The total number of customers receiving Lifeline discounts during the month of December 2007 in the designated service area: 113.

4.2. Advertising of Low-Income Program Service Offerings – All ETCs

Submit copies of all advertisements (for all media) for Lifeline, LinkUp, and OTAP service offerings that were run during calendar year 2007, noting media (newspaper name, radio station, bill inserts, internet postings, etc.), run/distribution dates, and geographic coverage area.

See Attached Exhibits 4.2.A and 4.2.B

Report #5 – Outage Report – All ETCs

Choose **either A. or B.** below, as applicable:

A. Carrier was required to report service outages (as defined in Oregon PUC Rules at Sections 860-034-0390(9) for small telecom utilities, 860-023-0055(9) for large telecom utilities, and 860-032-0012(9) for competitive telecom providers) to the Oregon PUC during year 2007. No additional submission is required for recertification purposes.

B. Carrier was *not* required to report service outages (as defined in Oregon PUC Rules at Sections 860-034-0390(9) for small telecom utilities, 860-023-0055(9) for large telecom utilities, and 860-032-0012(9) for competitive telecom providers) to the Oregon PUC during year 2007. Select #1 (wireline carriers) or #2 (wireless carriers) below.

1. The number of service outages, as defined in Oregon PUC rules, that occurred during calendar year 2007 was _____.

If the number was greater than zero, attach a report that lists for each such outage the following: the date and time of onset, a brief description of the outage and its resolution, the particular services affected, the geographic areas affected, steps taken to prevent a similar future occurrence, and the number of customers affected.

2. The number of service outages, as defined in FCC rules at 47 CFR Section 54.209(a)(2), that occurred during calendar year 2007 was 0.

If the number was greater than zero, attach a report that lists for each such outage the following: the date and time of onset, a brief description of the outage and its resolution, the particular services affected, the geographic areas affected, steps taken to prevent a similar future occurrence, and the number of customers affected.

Report #6 – Trouble Report – All ETCs

Choose **either A. or B.** below, as appropriate:

A. ____ Trouble reports were filed with the Oregon PUC for calendar year 2007 per Oregon PUC service quality rules. No additional submission is required for recertification purposes.

B. X Trouble reports were **not** filed with the Oregon PUC during calendar year 2007. In this case, choose **one** of the following alternatives for reporting:

1. X The average monthly number of customer trouble reports received per 100 wireless handsets for supported services during calendar year 2007, for each company switch.

Trouble Type	Bend Switch	Medford Switch	Yakima Switch
No Service	0.11	0.10	0.12
Network Busy	0.00	0.00	0.00
Interruption of Service	0.08	0.08	0.07
Poor Reception	0.02	0.03	0.02

2. ____ The average monthly number of customer trouble reports, as defined in Section 860-034-0390 (5) of the Oregon PUC rules, per 100 access lines, received during calendar year 2007: ____ per month, per 100 working access lines.

Report #7 – Network Improvement Plan – CETCs Only

Per Docket No. UM 1217, Order No. 06-292, competitive ETCs (CETCs) must file network improvement plans annually for recertification purposes. Appendix A of the order details the information that must be included in such plans. Only CETCs must file these plans for annual recertification purposes; ILECs are not required to file such plans. CETCs that receive *only* low-income program support (no high-cost or access-related support) do not have to file network improvement plans. CETCs are strongly encouraged to use the template in the attached Excel worksheets for their network improvement plans. This template incorporates all the items of information required by the order.

See attached Confidential Exhibits 7.1, 7.2, 7.3, 7.3.2.2.1, 7.3.2.2.6 and 7.4

Report #8 – Special Commitments/Requirements – CETCs only

Did the Oregon PUC impose any special commitments or requirements at initial designation or during the previous annual recertification process? yes ____ no X.

If yes, identify the commitments or requirements and explain if, and how, they have been met.

Report #9 – Certifications - All ETCs

9.1. IAS or ICLS Certification Copy – All ETCs Receiving IAS and/or ICLS

All ETCs receiving interstate access-related support (IAS or ICLS) must submit a copy of the certification for the use of IAS or ICLS support that was sent to USAC and the FCC in June 2008.

See attached Exhibits 9.1.A and 9.1.B

9.2. Certification of Use of Universal Service Funds – All ETCs receiving HCL and/or LSS (Rural ILECs and CETCs Designated in Rural ILEC Areas)

To continue receiving traditional high cost support (HCL, LSS), ETCs must submit a notarized affidavit signed by a responsible company official certifying that the carrier will use the high cost support funds only for the intended purposes. Use of the sample affidavit form displayed on the following page is recommended.

9.3. Certification of Emergency Functionality and Compliance with Service Quality and Consumer Protection Measures – All ETCs

Each ETC must submit a notarized affidavit signed by a responsible company official certifying that the carrier: 1) is able to remain functional in an emergency, and 2) is complying with all service quality and consumer protection measures in either the applicable Oregon Commission rules (for wireline carriers), the CTIA Consumer Code (for wireless carriers), or some other specific set of standards. All ETCs must submit this affidavit. A copy of an acceptable affidavit form follows the affidavit for high cost support.

AFFIDAVIT CERTIFYING USE OF UNIVERSAL SERVICE FUNDS

I, John C. Gockley, being of lawful age and duly sworn, on my oath, state that I am the Vice President, Legal and Regulatory Affairs of U.S. Cellular ("Company") and that I am authorized to execute this Affidavit on behalf of the Company, and the facts set forth in this Affidavit are true to the best of my knowledge, information and belief.

Pursuant to the rules of the Federal Communications Commission, 47 C.F.R. § 54.314, there must be annual certification that funds received under the federal Universal Service Fund programs will be used only for the provision, maintenance and upgrading of facilities and services for which the support is intended. The Company hereby certifies to the Public Utility Commission of Oregon that pursuant to 47 C.F.R. § 54.7, and for purposes of the certification required under 47 C.F.R. § 54.314, the company will use all federal high-cost support provided to it only for the provision, maintenance and upgrading of facilities and services for which the support is intended, consistent with the principles of universal service set forth in 47 U.S.C. 254. This includes, but is not limited to, trying to meet the goal of the provision of services that are properly supported by the high-cost funds at rates that are reasonably comparable to rates charged for similar services in urban areas.
