Subject: Blue Marmot Motion to Compel

Judges Kirkpatrick and Arlow

Blue Marmot and PGE have reached a mutual agreement regarding PGE's provision of additional information, which has resolved one of the two discovery disputes at issue in Blue Marmot's August 28, 2017 motion to compel.

Blue Marmot's motion to compel requested that the ALJ compel PGE to: 1) identify when PGE requested QFs identify their point of delivery for each of PGE's executed off-system PPAs; and 2) provide complete and unredacted copies of any executed off-system PPAs that are not available on the Commission's website, including the Airport Solar Schedule 202 PPA.

Blue Marmot and PGE have reached a compromise regarding PGE's provision of additional information regarding PGE's off-system PPAs, and Blue Marmot withdraws its request to compel PGE to provide additional information regarding when PGE requested QFs identify their point of delivery for each of PGE's executed off-system PPAs.

PGE and Blue Marmot have not reached an agreement regarding the second portion of Blue Marmot's motion to compel, and Blue Marmot continues to request that the ALJ compel PGE to provide complete and unredacted copies of any executed off-system PPAs that are not available on the Commission's website, including the Airport Solar Schedule 202 PPA.
