Re: **UM 1953 – In the Matter of Portland General Electric Company, Investigation into Proposed Green Tariff**

Chief Administrative Law Judge Moser:

On September 17, 2021, Portland General Electric Company (PGE) and QTS Investment Properties Hillsboro, LLC (QTS) filed a Joint Petition with the Commission to increase the cap under PGE's Green Energy Affinity Rider tariff (Joint Petition). The Joint Petition should have been filed under its own docket.¹ Unfortunately, we inadvertently filed it in Docket No. UM 1953. The petitioners hereby request that a new docket be opened and a new docket number assigned for the Joint Petition. We apologize for any inconvenience.

Sincerely,

A handwritten signature in blue ink that reads "Loretta Mabinton". The signature is written in a cursive, flowing style.

¹ The Public Utility Commission of Oregon in Order No. 21-091 provided the following directive: "We agree with Staff that the process proposed by PGE for further expansion gives the PUC and stakeholders adequate opportunity for review. PGE proposes to initiate any future expansion of the program with a filing that would be discussed and decided upon in a public meeting no later than 90 days after its submission to the Commission. Presumably, this would provide adequate time for Staff and stakeholder review for consistency with our orders and the nine conditions, including for examination of PGE's analysis of the expansion's effect on its IRP and its current and planned portfolio of resources. Within that 90-day period, we would expect to approve an expansion or determine that more examination is necessary, directing Staff to lead an investigation of the expansion proposal."
